Home Away from Home

Because being prepared and pragmatic have always been your strong points, you need the versatility and efficiency of the world’s most trusted minivan1* to make the most of every destination, and getting there—a family vehicle with room for all in favor, including the tagalongs. It may not be how you roll every day but when it’s time to go a little further, you know that ‘the more, the merrier’ makes the trip. So, load in with the means to make it there in style and comfort while staying connected and entertained. Whether it’s a weekend getaway, summer at the lake or the daily commute and carpool, it’s better when you’re all together in your Town & Country.

* A note about this brochure: all disclaimers and disclosures can be found on the inside back cover of this brochure.

Anniversary Edition.

In recognition and celebration of American entrepreneurial spirit and the Chrysler Anniversary, a Town & Country Touring-L model adds special branding features like an Anniversary Edition radio splash screen and floor mat, a power sunroof and Convenience Group features such as bright door handles, heated front and second-row seats, and heated steering wheel, plus remote security features and remote proximity keyless entry. This limited-offering edition pays homage to the founder who turned hard work and dreams into reality and enduring success.
The Sustainable Road Trip.  
Since getting everyone there confidently is the only option, you’ll know why it matters to have a vehicle that makes the most of your resources. With the efficient 3.6L V6 engine, Fuel Optimizer mode, and maximized use of seating and cargo space with the class-exclusive Stow ‘n Go® seating and storage, the versatile Town & Country makes each trip a mobile retreat. Because along with togetherness and conserving fuel by taking one vehicle, sharing the ride is about keeping your group well-fueled with healthy snacks, stocking up on groceries, staying connected, entertained and occupied, and stopping for homemade picnics in or out of the car. Not to mention having another family room on site once you arrive. Of course, you may need to stop at a rest area along the way since everyone has their own large cup holder.

25 HWY MPG* Fuel Economy

Fuel Optimizer Mode.  
The Chrysler Town & Country includes an integrated Fuel Optimizer mode that helps drivers make the most of their mileage. It works economically for you, adjusting engine timing and transmission shift patterns to help improve real-world efficiency and stretch your gas budget money. By activating the transmission to upshift sooner, downshift later and skip select gears, the Fuel Optimizer mode allows the engine to operate, as well as idle, at lower speeds, which optimizes fuel economy.

All you have to do to activate it is press the Econ button in the center stack, and a green light will indicate that the Econ mode is engaged. Once activated, the Town & Country achieves an EPA-estimated 25 mpg on the highway.*

3.6L Pentastar® VVT V6.  
Powered by the standard 3.6L Pentastar V6 engine with Variable Valve Timing (VVT) and Flex Fuel technology, this award-winning engine boasts best-in-class 283 horsepower and 260 lb-ft of torque, yet efficiently provides up to 25 hwy mpg,* combining an exceptional blend of high torque, fuel efficiency, low emissions and quiet operation. The Town & Country also features a Fuel Optimizer mode that alters transmission shift patterns, with the touch of a button, to help improve fuel efficiency.

Flex Fuel Engine.  
The Town & Country comes with the option to utilize an alternative to standard gasoline. E85, also known as Flex Fuel, can be found at select filling stations. This green biofuel is a mixture of gas and ethanol — often derived from corn. Although E85 fuel mileage tends to be lower than that of gasoline — Town & Country gets up to 18 hwy mpg with E85 — the corn-based ethanol is said to be better for the environment because of reduced greenhouse gas emissions and foreign oil dependency. As always with the flexibility of Town & Country, it’s a matter of personal choice and having options that fit your lifestyle.
Town & Country Celebrates the Pinnacle of Style and Luxury in a Minivan.

The available power sunroof, High Intensity Discharge (HID) headlamps, chrome nameplate badging and dazzling 17-inch fully aluminum or polished wheels capture its high-end distinction. Available power-folding mirrors, fog lamps, automatic headlamps and the added luster of available chrome bodyside molding display its dressed-up attitude. The class-exclusive “Stow N’ Place®” Roof Rack System can carry up to 150 pounds of cargo while the convenience of folding crossbars that attach to the side rails when not in use improves aerodynamics. This is just the beginning of what makes the Town & Country’s luxury match its high-functioning equipment like available chrome exterior mirrors. They fold out of the way, have a heat feature and are adjustable with the touch of a button. The driver’s-side mirror’s available automatic dimming feature helps to reduce glare, and both side mirrors have available supplemental turn signals.

The difference is in the details.

Containing Your Crew Never Looked So Good

Tailored for an Active Lifestyle

The Town & Country S brings premium standard equipment and exterior enhancements to the Touring model. The sporting style features a Black chrome grille, unique wing badges with Black Chrysler emblem, a Black rear fascia step pad, 5 model badging, blacked-out headlight bezels and 17-inch Hyper Black aluminum wheels. Premium, low-rolling-resistance tires; low-drag brake calipers and rear bearings enhance fuel efficiency. The performance suspension on S adds a new level of handling dynamics to the driving experience, yet still provides a comfortable ride that’s expected in a luxury minivan.
Pairing a Bluetooth® enabled phone with the Uconnect system is as simple as pressing the Phone button on the steering wheel and following the prompts. Then make and receive calls with hands-free phone capability.

**Voice Text Reply.**
Announces and reads incoming text messages, and allows you to reply with either a free-form text or by selecting any of the 20 pre-defined responses.

**Uconnect® Phone.**
Pairing a Bluetooth® enabled phone with the Uconnect system is as simple as pressing the Phone button on the steering wheel and following the prompts. Then make and receive calls with hands-free phone capability.

**SiriusXM® All Access® Package.**
A one-year trial provides over 160 channels. You’ll get every channel available on your radio, including all the premium programming and SiriusXM’s exclusive Reed Play Ability to pause, replay, rewind, and fast-forward channels.

**SiriusXM® On the App and Online.**
Stream SiriusXM beyond your car. On the intuitive touch screen for more information.

Get detailed information on traffic, accidents, construction, road closures and more with available features. Get the latest weather forecasts, fuel prices, sports scores and movie schedules. The first five years of SiriusXM Traffic and SiriusXM Travel Link services are included.

The game shown — Disney®/Pixar’s Brave: The Video Game — is available now for Xbox® 360. ©2015 Disney/Pixar

Mopar, Web?

Let’s face it, they’ll have their tablets linked to your Uconnect® system’s available Mopar Web® before you’ve scrolled through the instructions on the touchscreen. No worries though, they’ll remember your password if you forget it. And that’s how it should be, easy to access and even easier to use.

Listening Skills to Last the Trip

Whether enjoying a group sing-along session to your crew’s favorite tracks or listening to your favorite station on the standard SiriusXM® Satellite Radio® with included one-year subscription or the audio to the seemingly 100th viewing of their go-to DVD, you and your passengers will appreciate the designed-in sound of either a standard six-speaker system or the available, nine well-placed speakers with subwoofer and an 11-channel amplifier. Of course, the sound of silence in the backseat is sometimes the sweetest sound of all.

The soundtrack of a modern family is delivered via superb available Alpine® quality Surround Sound with an available nine speakers with subwoofer and 506 watts of power. Standard on Limited Platinum.

Appreciate the designed-in sound of either a standard six-speaker system or the available Alpine nine-speaker system with subwoofer.

PROCESS
Cleanup in Aisle 3.

Standard leather-trimmed seats on all trim levels of Town & Country make for easy cleanups in every row from spills, smudges, muddy feet, dropped suckers, lost gum, sticky fingers, dog hair and any combination thereof.

Multipurpose Room with In-Floor Storage for Seats or Cargo.

Taking comfort in the simple things in your day-in-the-life routine is why Town & Country provides a host of innovative power and convenience features that help to make your life easier. Along with the ultimate versatility of the exclusive standard tow ‘n Go® seating and storage, the interior includes the practical luxury of standard leather-trimmed seating with the safety and technological convenience of the Uconnect® touchscreen radio with rear back-up camera. The packed standard-equipment interior also features the driver conveniences of steering-wheel audio and cruise controls, as well as an available power eight-way driver’s seat, Driver Information Display (DID) in the instrument gauges, and available automatic temperature control helping you stay focused and feeling good.
Fold-In-Floor Seats Mean No Heavy Lifting

The Most Innovative Seating and Storage in Its Class

Luxury and practicality coexist in harmony with standard leather-trimmed seats and the Stow ‘n Go® seating and storage system. The fold-and-stow second- and third-row seats fold individually into floor bins, allowing you to go from seven seats to two, or any combination in between. With all seats stowed (not removed), the Town & Country yields a flat cargo floor and 143.8 cubic feet of storage for easy loading without ever having to remove a seat. When the seats are in their upright positions, in-floor bins store a multitude of items, from laptops, purses and toys to backpacks and sporting equipment.

One Motion.
The simple fold-and-stow system allows the head restraints to fold down automatically for easier operation and reveals what makes Town & Country legendary: Stow ‘n Go® seating and storage with in-floor storage bins and fold-in-floor second- and third-row seats. When the seats are in their upright positions, in-floor bins can accommodate carry-ons.

Available Third-row Power Seats.
With the touch of a button, the available one-touch power-folding third-row 60/40 split-bench seat folds directly into the floor. This feature also includes obstacle detection to automatically pause if something is detected within the seat’s path of motion.

Tailgate Seat®
The generous accommodations include an ingenious flip option for the third-row seat — folding it down over the bumper for a perfect tailgating bench. You’ll gain space to stretch for putting on gear, watching the kids’ game or simply enjoying the view from your personal shelter while you stay dry and comfortable.

*Tailgate seat mode should not be used when vehicle is in motion. Always wear your seat belt.
Always Room for Good Sports

Take It Easy.
Some days just seem a little tougher than others, so your Town & Country Limited helps to keep everyone happy and comfortable no matter the distance. The standard three-zone temperature controls, sunscreen glass, power second-row windows, six stereo speakers and an available single-DVD or dual-DVD system make passengers pleasantly content. Make more room inside with the standard Stow N Place® Roof Rack System, and ease your passengers in and out with the standard dual power sliding doors and liftgate along with the power door locks to keep all the precious cargo secure in your family room on wheels.

Plenty of Floor Storage, Even When Seats Aren’t Stowed

Premium Division at Play
The Town & Country Limited incorporates its own level of sophistication, adding standard features to the Touring-L model, such as all three rows of seating with super-soft Alcantara® suede inserts in Black with Nappa leather bolsters, interior Piano Black appliqués and detailed armrest stitching. This version includes a heated steering wheel, navigation capability via the Uconnect® touchscreen, eight-way power driver and front-passenger seats, heated front- and second-row seats, seating for seven and a one-touch power-folding third-row seat. Standard features also include the premium class-exclusive Super Console for additional storage that includes device charging and USB outlets.

Store It in the Floor

Limited Platinum Interior Amenities:
The heated wood/leather-wrapped steering wheel takes the Limited Platinum model’s distinguished quality and ultra driver convenience to the foremost level along with memory features for heated front seats, mirrors and power adjustable pedals. A standard optimized nine-speaker-with-subwoofer Alpine® 506-watt sound system and Dual-DVD Blu-ray® Entertainment System enhance the cabin experience.

Town & Country Stands for Automotive Loyalty:
The revered popularity and long-standing, innovative versatility are part of why the Chrysler Town & Country is the most trusted minivan ever. Touring-L adds perforated leather-trimmed seats for distinctive styling along with 8-way power driver and front-passenger seats, window shades, available heated steering wheel and available class-exclusive2 Super Console for enhanced convenience. Touring-L also includes a standard SafetyTec™ Package with driver-assisted advanced technologies like Blind Spot Monitoring (BSM®) and Rear Cross Path Detection.

Touring-L adds perforated leather-trimmed seats for distinctive styling along with 8-way power driver and front-passenger seats, window shades, available heated steering wheel and available class-exclusive2 Super Console for enhanced convenience. Touring-L also includes a standard SafetyTec™ Package with driver-assisted advanced technologies like Blind Spot Monitoring (BSM®) and Rear Cross Path Detection.
A monotone Black interior, unique to the Town & Country S, starts with Black Torino leather-trimmed seats with Silver stitching and embroidered S logo, and Black Ballistic cloth seat inserts. Piano Gloss Black appliques are found on the instrument panel and the spokes of the Black leather-wrapped steering wheel, and the Chrysler wing design on the steering wheel matches the Black background of the exterior badging. Finishing interior touches include a Black headliner and upper consoles, Black center console and an S logo in the instrument panel cluster. A premium Super Console provides power outlets, cup holders, covered storage and more to both front and second-row passengers.
Safety Cage
Strategically placed high-strength steel. Town & Country architecture includes dual-phase, high-strength and hot-stamped steel, resulting in a strong safety cage that contributes to overall vehicle impact performance.

Crumple Zones
In the event of an impact, specifically designed front and rear crush zones absorb energy and redirect it away from passengers, helping to reduce the risk of injury.

It’s the Level of Safety and Security That You’ll Call Peace of Mind

Available Safety Tec™ Package
Additional technologically advanced offerings are included among the 55 standard and available safety and security features that help to protect what matters most. The Safety Tec Package includes rain-sensing windshield wipers, Auto High-Beam Headlamp Control, Tire Pressure Monitoring Display, ParkSense®, Rear Cross-Path® Detection*, and Blind Spot Monitoring (BSM)*. These active technological features put Town & Country in a class by itself.

Available Tire Pressure Monitoring System
Individual tire pressure values are displayed in the instrument cluster and alert the driver to tires with high or low pressure.

Constant-Force Retractors
Seat belt retractors sense vehicle impact and immediately apply pressure to the seat belt to properly position the occupant before the full load of impact is imparted. It then reduces the seat belt load in order to moderate forces during the impact event.

Active Front-row Head Restraints™
In the event of a rear-end collision, these restraints automatically move forward and upward to decrease the space between the head restraint and the occupant’s head.

Securing Your Most Valuable Assets
All Town & Country vehicles are equipped with the child restraint anchorage system called LATCH. The system has three vehicle anchor points for installing LATCH-equipped child seats without using the vehicle’s seat belts.

Power Liftgate with Obstacle Detection™
Like the sliding doors, the power liftgate detects most obstacles in its path and will automatically stop and reverse.

Child Protection Rear Door Locks
A small lever on the front edge of the sliding door disables the rear doors’ inside release handles.

Air Bags™
Advanced Multistage Front Air Bags™
The multistage feature regulates the amount of force necessary for the front occupants by impact severity, including low-risk deployment.

Front Seat-mounted Side Air Bags™
These air bags™ extend protection to all outboard front- and rear-seat passengers, including third-row outboard passengers. Upon side impact, the system deploys the specific side-curtain air bag™ required for occupant protection.

Supplemental Side-curtain Air Bags™
These air bags™ extend protection to all outboard front- and rear-seat passengers, including third-row outboard passengers. Upon side impact, the system deploys the specific side-curtain air bag™ required for occupant protection.

Driver’s-side Inflatable Knee Blocker™
This separate air bag™ located in the lower instrument panel is designed to help position the driver properly for the front air bag™.
Automatic Safety and Security

Automatic High-Beam Headlamps

Seeing better equals safer driving. The available Automatic High-Beam Headlamp Control System uses sensors to detect ambient light and oncoming traffic. The system automatically adjusts the brightness of the high beams to enhance nighttime visibility while helping to reduce glare for oncoming drivers.

Blind Spot Monitoring (BSM)

Difficult-to-view side-vehicle zones are also monitored by the radar technology of this available feature, which alerts you to possible proximity danger when driving. While traveling in forward gears, an illuminated icon appears in the driver's sideview mirror and an audible warning sounds (if activated) if another vehicle is approaching alongside. BSM is included as part of the available SafetyTec Package and includes Rear Cross-Path Detection.

Power Adjustable Pedals
Available adjustable brake and accelerator pedals allow you to customize their positions, enabling you to maintain a comfortable distance from the steering wheel. The memory function on Limited Platinum customizes each fob position setting.

Door Alert
The selectable feature automatically flashes signal lights, indicating which sliding door is open.

Only Premium Minivans with Standard Power Sliding Doors2 With the push of a button in the cabin or on the key fob, the dual sliding doors effortlessly open. These power doors detect most obstacles3 by either path to automatically halt motion and reverse.

Enhanced Accident Response System (EARS). All Town & Country vehicles are equipped with EARS. This system makes it easier for emergency personnel to see and reach occupants in the event of an accident by turning on interior lighting, flashing hazard lamps and unlocking doors after air bag deployment. EARS also shuts off the flow of fuel to the engine.

Remote Keyless Entry
The power sliding doors and liftgate work with the keyless-go system to open and close doors and open the liftgate all with the touch of just a couple of buttons on the key fob, overhead console or inside the cabin.

Security Alarm
This system monitors the door-ajar switches, and if the door is open, the lights flash and the horn sounds, alerting you if someone is trying to enter your vehicle.
