Designing, engineering and crafting the all-new 2015 Yukon meant bringing together numerous innovations to create an SUV that soars above all others. The result is a Yukon driven by new, powerfully efficient EcoTec3 engines featuring the industry’s latest achievements in both class-leading power* with the 6.2L V-8 and fuel efficiency** with the 5.3L V-8. Inside, a premium, oh-so-quiet interior welcomes you with authentic materials and ingenious entertainment and safety technologies. The result of this incredible thinking is a whole new Yukon.

*Segment-leading horsepower (420) and torque (460 lb-ft) with the 6.2L V-8 in Yukon Denali.
**EPA-estimated mpg, 16 city/23 hwy (2WD), 16 city/22 hwy (4WD) with 5.3L V-8 engine. Fuel-economy estimates for 6.2L V-8 engine not yet available.

YUKON DENALI: MAKES A STATEMENT. ADDS AN EXCLAMATION POINT.

For 2015, the ultimate expression of Professional Grade arrives in the form of Yukon Denali. Signature Denali styling begins with its three-dimensional grille, projector-beam HID headlamps and chrome accents and continues with available 22" wheels and optional power-retractable assist steps with perimeter lighting.

DISTINCTIVE DENALI GRILLE.
BRIGHT ACCENTS ON DOOR HANDLES, ROOF RACK AND LIFTGATE.
PROJECTOR-BEAM HIGH-INTENSITY DISCHARGE (HID) HEADLAMPS.
UNIQUE FRONT AND REAR LED SIGNATURE LIGHTING.

DISTINCTIVE DENALI GRILLE.
BRIGHT ACCENTS ON DOOR HANDLES, ROOF RACK AND LIFTGATE.
PROJECTOR-BEAM HIGH-INTENSITY DISCHARGE (HID) HEADLAMPS.
UNIQUE FRONT AND REAR LED SIGNATURE LIGHTING.
The 2015 Yukon was purposefully designed for efficient aerodynamics. The goal was to make it appear smaller to the wind for reduced wind noise and improved efficiency. Bold, sculpted lines glide from the three-dimensional grille and over the inlaid doors for smooth, uninterrupted airflow.

NEW INLAID DOORS REDUCE NOISE AND IMPROVE AERODYNAMICS.

REDESIGNED LIFTGATE SPOILER REDUCES WIND DRAG FOR ENHANCED EFFICIENCY AND CLEVERLY HOUSES THE WIPER (HIDDEN WHEN NOT IN USE).

LAMINATED WINDSHIELD AND FRONT DOOR GLASS ENHANCE QUIETNESS.

NEWLY SCULPTED OUTSIDE MIRRORS REDUCE DRAG FOR ENHANCED EFFICIENCY AND ELEGANCE.
NEW INLAID DOORS REDUCE WIND NOISE AND IMPROVE AERODYNAMICS.

LAMINATED WINDSHIELD AND FRONT DOOR GLASS ENHANCE QUIETNESS.

NEWLY SCULPTED OUTSIDE MIRRORS REDUCE RESISTANCE TO HELP IMPROVE AIRFLOW.

YUKON: A BOLD LEAP IN AERODYNAMICS.

The 2015 Yukon was purposefully designed for efficient aerodynamics. The goal was to make it appear smaller to the wind for reduced wind noise and improved efficiency. Bold, sculpted lines glide from the three-dimensional grille and over the inlaid doors for smooth, uninterrupted airflow.
Shining Examples of Refinement.

Yukon’s bold lines and striking looks are complemented by design innovations such as available illuminated assist steps and a rear window wiper concealed under the spoiler. These options show that when limits are pushed, there’s no compromise between convenience and style.

Signature Lighting
Yukon introduces new projector-beam headlamps (HID on Denali). They create a distinctive appearance, with front and rear “C”-shaped LED signature lighting.

Passive Entry
With Yukon’s key fob in your pocket, its available passive entry system allows access to all four doors as well as the liftgate. Then, upon exit, this feature will automatically lock the vehicle several seconds after all doors are closed.

Wheel Styling
Yukon’s new exterior design is fully complemented with an equally striking selection of available 18”, 20”, and, on Denali, 22” wheels in various finishes.

Power-Retractable Assist Steps with Perimeter Lighting
Yukon Denali models offer illuminated power-retractable assist steps that automatically extend when the front or second-row doors are opened to provide easy, lighted access. They retract when the doors close for an uncluttered profile.

Rear Spoiler
Located on top of the liftgate, the new spoiler houses a repositioned window wiper that is hidden when not in use for a clean, uncluttered appearance.

Both Yukon and Yukon Denali raise the standards for quietness. Acoustic laminated windshield and front door glass, triple door seals, a new engine compartment barrier and damping materials in floor sheet metal all help keep noises from entering the cabin. Yukon Denali adds Bose® Active Noise Cancellation to tune out additional disturbances. As a result, you’ll enjoy the quietest Yukon ever—in fact, there’s no quieter SUV in its class, with noise sealing improved by 33 percent. In Yukon Denali, premium surroundings abound thanks to authentic materials, Bose Centerpoint® surround sound system and now available four-color head-up display.

**QUIETLY WHISPERS PREMIUM.**

**BURNISHED ALUMINUM TRIM.**

**CONTRASTING FRENCH SEAM STITCHING.**

**JAVA BURL POPULAR WOOD GRAINS.**

**PERFORATED FIRST- AND SECOND-ROW LEATHER-APPOINTED SEATING.**

GMC designers understand that you and your companions rarely travel without plenty of accessories. That’s why you’ll find generous storage compartments thoughtfully integrated throughout Yukon’s cabin. An expanded center console offers room for laptops, tablets and whatever else you can’t live without. There are handy upper and lower door pockets and cup holders so everyone has a place for smaller carry-ong and, of course, refreshments.

Household-style 110-volt three-prong outlet provides passengers with a convenient charge.

All-new under-floor cargo management system keeps things organized and secure.

New cleverly arranged door storage includes a mid-door shelf, an additional cup holder and map pockets in second-row doors.

A storage area is conveniently hidden behind the center-mounted display and includes a USB outlet.
EASILY GOES FROM PEOPLE TO CARGO IN UNDER 5 SECONDS. FLAT.

With the touch of a button, Yukon’s new available second- and third-row power fold-flat seats turn generous passenger room into an equally generous cargo area. It’s a luxury no other competitor offers. For even more flexibility, second-row seats offer an easy-to-use, power-release fold and tumble feature. To provide second-row passengers with easier access, we’ve also increased the size of the second-row doors.

SEAT UP TO EIGHT WITH AVAILABLE POWER FOLD-FLAT REAR SEATS OR UP TO NINE IN SLT WITH FIRST-ROW BENCH SEAT.

LOWER THE SECOND AND THIRD ROWS FOR A FLAT CARGO AREA.

THE NEW HEIGHT-ADJUSTABLE POWER LIFTGATE IS AVAILABLE FOR EFFORTLESS ACCESS TO THE CARGO AREA.

ADAPTS TO YOUR NEEDS WITH THE TOUCH OF A BUTTON.

PERSONALIZED ENTERTAINMENT
Yukon features the new GMC 8'' diagonal Color Touch Sound System with IntelliLink.3 Featuring a full-color screen, IntelliLink adds hands-free, voice-activated control of your communication and entertainment. Stream Pandora internet radio4 through your smartphone or sync your MP3 music library. My Media connects media libraries from multiple devices to Yukon. You can even store frequently used phone contacts for quick access.

FOUR-COLOR HEAD-UP DISPLAY (HUD)
Inspired by fighter aircraft technology, this Denali-exclusive system projects important driving information at eye level. Without taking your eyes off the road, see speedometer and rpm, Forward Collision Alert, Lane Departure Warning, adaptive cruise control, transmission position and Turn-by-Turn Navigation information.

PUSH-BUTTON START
With the key fob in your pocket, simply touch a button to bring Yukon to life with this available feature.

FRONT-AND-CENTER STORAGE
A hidden storage compartment is ingeniously located behind the articulating radio screen in the center stack. It includes a USB5 outlet to charge your phone or media device in a handy out-of-the way location.

BOSE® AUDIO SYSTEM
Yukon's Bose system is engineered to allow you to hear each and every note just as the musician intended. It features nine premium speakers and a center-mounted subwoofer for rich bass tones to create a fuller listening experience.

BOSE CENTERPOINT® SURROUND SOUND
For the sensation of a live performance, Denali models include a 10-speaker surround sound system with SurroundStage® signal processing. This technology, along with AudioPilot® noise compensation, delivers five independent channels from existing two-channel recordings.

BLU-RAY/DVD REAR-SEAT ENTERTAINMENT SYSTEM
This available system includes a Blu-ray DVD player and a 9.2'' diagonal flip-down display. Yukon XL and XL Denali models feature two screens, with one screen specifically for the third-row passengers. This system is compatible with most popular video gaming systems.

CONNECTIVITY
Depending on the model you choose, you’ll never be far from a convenient power supply: up to six USB ports, five 12-volt auxiliary power outlets and a new 110-volt outlet located in the second row keep first- and second-row passengers connected and powered up.

AMBIENT AIR VENTILATION
In a segment first, front-row passengers enjoy enhanced comfort thanks to a strategically positioned ambient air vent. Inspired by the indirect heating and cooling of your home or office, you’ll feel the temperature change without the harshness of having a fan blowing directly on you.

PREMIUM SURROUNDINGS
Yukon surrounds you with a soft-touch instrument panel, console and door panel materials, and comfortable, durable perforated leather-appointed seats with contrasting French-seam stitching.

CUSTOMIZABLE DRIVER DISPLAY
Choose Yukon Denali, and a reconfigurable gauge cluster allows you to personalize the new 8'' diagonal color Customizable Driver Display for optimized information placement. The display’s menu can be navigated with steering-wheel-mounted controls. Driver alerts are also clearly displayed.

VOICE AND TOUCH-SCREEN NAVIGATION
In response to your voice or touch commands, Yukon's available Navigation System displays 2-D or 3-D map graphics on the 8'' diagonal center-mounted screen. MyTraffic® (2 trial months of SiriusXM) incorporates real-time traffic and road conditions into the screen, directing you toward the most efficient route.

CORROSION-RESISTANT DURALIFE BRAKE ROTORS
To reinvent the brake rotor, GMC engineers used Ferritic Nitro-Carburizing (FNC) technology, which can help double rotor life. FNC is a patented, GM-exclusive corrosion protection process designed to help prolong rotor life by hardening the rotor surface. It provides protection against rust to help prevent steering-wheel shudder when applying the brakes.

FOUR-WHEEL-DRIVE SYSTEM
Yukon’s available four-wheel-drive system allows you to switch between two-wheel drive for optimum fuel efficiency and four-wheel drive for much-needed additional traction and control.

FOUR-WHEEL DISC BRAKES
The new stopping system improves pedal feel for a stronger, more confident braking performance. In fact, it allows the 2015 Yukon to stop nearly 10 feet shorter than previous Yukon models.

FULLY BOXED FRAME
Yukon’s new frame is constructed with 75 percent high-strength steel for maximum people- and cargo-carrying capability.

WIDER IS BETTER
For improved stability and more confident cornering, Yukon now features a wider rear track. And new wider wheels reduce tire flex for improved cornering, while new low-rolling-resistance tires aid in fuel efficiency.

ELECTRIC VARIABLE-ASSIST POWER STEERING
The new electric variable-assist power rack-and-pinion steering system improves fuel efficiency versus engine-powered systems. It provides less assist at highway speeds for a solid on-center feel, and more assist for less steering effort when you’re maneuvering in tight spaces.

SHEAR-STYLE BODY MOUNTS
Connecting the body to the frame are new high lateral-rate and redesigned hydraulic body mounts. You’ll enjoy improved comfort and smoother ride quality. The new shear-style mounts dampen side-to-side vibrations, while the new hydraulic mounts dampen vertical vibrations.

FROM BEHIND THE WHEEL OF YUKON YOU’LL FEEL CONFIDENT AND IN COMMAND, WHILE YOUR PASSENGERS WILL SIMPLY ENJOY A COMFORTABLE RIDE. YUKON IS FULLY EQUIPPED WITH NEW FEATURES FOR A SMOOTHER RIDE AND IMPROVED HANDLING TO CREATE THE EXPERIENCE OF DRIVING A MUCH SMALLER VEHICLE.

SMOOTH-RISE SUSPENSION
The system constantly senses and adjusts Yukon’s rear suspension height to maintain a level position. This contributes to Yukon’s true floating ride.

MAGNETIC RIDE CONTROL
For smoothness and refinement that rival that of premium luxury sedans. Yukon Denali features the remarkable capability of next-generation Magnetic Ride Control. This system senses changes in the road surface up to 1000 times per second, instantly adjusting the shock absorbers for maximum comfort and control, without sacrificing agility.

CORROSION-RESISTANT DURALIFE BRAKE ROTORS

Connecting the body to the frame are new high lateral-rate and redesigned hydraulic body mounts. You’ll enjoy improved comfort and smoother ride quality. The new shear-style mounts dampen side-to-side vibrations, while the new hydraulic mounts dampen vertical vibrations.
BUILT TO HANDLE LIFE’S TWISTS AND TURNS AND UPS AND DOWNS.

From behind the wheel of Yukon you’ll feel confident and in command, while your passengers will simply enjoy a comfortable ride. Yukon is fully equipped with new features for a smoother ride and improved handling to create the experience of driving a much smaller vehicle.

SMOOTH-RODE SUSPENSION

The system constantly senses and adjusts Yukon’s rear suspension height to maintain a level position. This also contributes to Yukon’s true trailing ride.

MAGNETIC RIDE CONTROL

For smoothness and refinement that rival that of premium luxury sedans. Magnetic Ride Control uses the incredible capability of next-generation Magnetic Ride Control. The system senses changes in the road surface up to 100 times per second, instantly adjusting the shock absorbers for maximum comfort and control, without sacrificing agility.

CORROSION-RESISTANT DURALIFE BRAKE ROTORS

To reinvent the brake rotor, GMC engineers used Ferritic Nitro-Carburizing (FNC) technology, which can help double rotor life. FNC is a patented, GM-exclusive corrosion protection process developed to help prolong rotor life by hardening the rotor surface. It provides protection against rust to help prevent steering-wheel shudder when applying the brakes.

FOUR-WHEEL DISC BRAKES

The new stopping system improves pedal feel for a stronger, more confident braking performance. In fact, it allows the 2015 Yukon to stop nearly 10 feet shorter than previous Yukon models.

FULLY BOXED FRAME

Yukon’s new frame is constructed with 75 percent high-strength steel for maximum people- and cargo-carrying capability.

WIDER IS BETTER

For improved stability and more confident cornering, Yukon now features a wider rear track. And new wider wheels reduce tire flex for improved cornering, while new low-rolling-resistance tires aid in fuel efficiency.

ELECTRIC VARIABLE-ASSIST POWER STEERING

The new electric variable-assist power rack-and-pinion steering system improves fuel efficiency versus engine-powered systems. It provides less assist at highway speeds for a solid on-center feel, and more assist for less steering effort when you’re maneuvering in tight spaces.

SHEAR-STYLE BODY MOUNTS

Connecting the body to the frame are new high lateral-rate and redesigned hydraulic body mounts. You’ll enjoy improved comfort and smoother, quieter rides. The new shear-style mounts dampen side-to-side vibrations, while the new hydraulic mounts dampen vertical vibrations.

PERFORMANCE \ HANDLING

SMOOTH-RIDE SUSPENSION: The system constantly senses and adjusts Yukon’s rear suspension height to maintain a level position. This also contributes to Yukon’s true trailing ride.

MAGNETIC RIDE CONTROL: For smoothness and refinement that rival that of premium luxury sedans. Magnetic Ride Control uses the incredible capability of next-generation Magnetic Ride Control. The system senses changes in the road surface up to 100 times per second, instantly adjusting the shock absorbers for maximum comfort and control, without sacrificing agility.

CORROSION-RESISTANT DURALIFE BRAKE ROTORS: To reinvent the brake rotor, GMC engineers used Ferritic Nitro-Carburizing (FNC) technology, which can help double rotor life. FNC is a patented, GM-exclusive corrosion protection process designed to help prolong rotor life by hardening the rotor surface. It provides protection against rust to help prevent steering-wheel shudder when applying the brakes.

FOUR-WHEEL DISC BRAKES: The new stopping system improves pedal feel for a stronger, more confident braking performance. In fact, it allows the 2015 Yukon to stop nearly 10 feet shorter than previous Yukon models.

FULLY BOXED FRAME: Yukon’s new frame is constructed with 75 percent high-strength steel for maximum people- and cargo-carrying capability.

WIDER IS BETTER: For improved stability and more confident cornering, Yukon now features a wider rear track. And new wider wheels reduce tire flex for improved cornering, while new low-rolling-resistance tires aid in fuel efficiency.

ELECTRIC VARIABLE-ASSIST POWER STEERING: The new electric variable-assist power rack-and-pinion steering system improves fuel efficiency versus engine-powered systems. It provides less assist at highway speeds for a solid on-center feel, and more assist for less steering effort when you’re maneuvering in tight spaces.

SHEAR-STYLE BODY MOUNTS: Connecting the body to the frame are new high lateral-rate and redesigned hydraulic body mounts. You’ll enjoy improved comfort and smoother, quieter rides. The new shear-style mounts dampen side-to-side vibrations, while the new hydraulic mounts dampen vertical vibrations.

1. EPA-estimated mpg. 2. 139.8 in. (3551 mm) with 2.0L Turbo and 5.3L V-8 with 3.0L 6-cylinder. 3. 132.7 in. (3371 mm) with 2.0L Turbo and 5.3L V-8 with 3.0L 6-cylinder.
STABILITRAK is Yukon's electronic stability control system that helps improve stability by reducing traction loss. Sensing when Yukon isn't responding to steering inputs, it adjusts engine speed and applies brake pressure to any wheel to help maintain directional control. To mitigate rollovers, it anticipates a vehicle “tip up” situation, rapidly braking to help reduce lateral forces and the likelihood of a rollover.

HILL START ASSIST sensors automatically detect when Yukon is on a 5 percent grade or more. It holds the brakes momentarily or until the accelerator is pressed, preventing rollback. It’s most effective when trailering, providing time to switch from the brake to the accelerator without rolling.

TOW/Haul mode provides more power to accelerate when trailering or hauling heavy loads, Tow/Haul mode moves transmission upshift points. It also reduces engine speed by using engine compression to slow Yukon instead of merely braking.

TRAILER BRAKE CONTROLLER for fingertip control and easy monitoring of your trailer brakes, there’s an available integrated trailer brake controller. Now conveniently located to the left of the steering wheel, it displays the level of brake force or “gain” in the Driver Information Center.

TRAILER BRAKE CONTROLLER: For property control and easy monitoring of your trailer brakes, there’s an available integrated trailer brake controller. Now conveniently located to the left of the steering wheel, it displays the level of brake force or “gain” in the Driver Information Center.

ENGINEERED FOR THE LONG HAUL.

Everything about Yukon is designed and engineered for ease of travel, including pulling your recreational equipment. For 2015, Yukon offers a maximum trailer weight rating of up to 8500 lbs.

*Requires 5.3L V-8 engine. For complete details, see your authorized dealer. Specifications subject to change without notice.

AUTOMATIC LOCKING DIFFERENTIAL: Without pushing buttons, this feature directs power to the rear wheel with the most traction on loose gravel or slippery surfaces.

AUTO BRAKE BRACING: This feature automatically brakes when you want to slow your Yukon and engages, the electronic braking assists within the transmission to help maintain your desired speed.

TRAILER SWAY CONTROL keeps both you and your trailer heading in the same direction, automatically. The system uses StabiliTrak sensors to detect a swaying trailer, applying both Yukon’s and the trailer’s brakes (if properly equipped) to help bring it back in line.

ILL. START ASSIST: Sensors automatically detect when Yukon is on a 5 percent grade or more. It holds the brakes momentarily or until the accelerator is pressed, preventing rollback. It’s most effective when trailering, providing time to switch from the brake to the accelerator without rolling.

TOW/Haul mode provides more power to accelerate when trailering or hauling heavy loads, Tow/Haul mode moves transmission upshift points. It also reduces engine speed by using engine compression to slow Yukon instead of merely braking.

TRAILER BRAKE CONTROLLER: For fingertip control and easy monitoring of your trailer brakes, there’s an available integrated trailer brake controller. Now conveniently located to the left of the steering wheel, it displays the level of brake force or “gain” in the Driver Information Center.
ENGINEERED FOR THE LONG HAUL.

Everything about Yukon is designed and engineered for ease of travel, including pulling your recreational equipment. For 2015, Yukon offers a maximum trailer weight rating of up to 8500 lbs.\(^1\)

**AUTOMATIC LOCKING DIFFERENTIAL.** Without pushing buttons, this feature directs power to the rear wheel with the most traction on loose gravel or slippery surfaces.

**AUTO BRAKE BRAKING.** This feature automatically engages when you want to slow your Yukon and engages a brake lining within the transmission to help maintain your desired speed.

**STABILITYTRAK.** Yukon’s electronic stability control system helps improve stability by reducing traction loss. Sensing when Yukon isn’t responding to steering inputs, it adjusts engine speed and applies brake pressure to any wheel to help maintain directional control. To mitigate rollovers, it anticipates a vehicle “tip up” situation, rapidly braking to help reduce lateral forces and the likelihood of a rollover.

**HILL START ASSIST.** Sensors automatically detect when Yukon is on a 5 percent grade or more. It holds the brakes momentarily or until the accelerator is pressed, preventing rollback. It’s most effective when trailering, providing time to switch from the brake to the accelerator without rolling.

**TOW/HAUL MODE.** Providing more power to accelerate when trailering or hauling heavy loads, T ow/Haul mode raises transmission upshift points. It also helps reduce speed by using engine compression to slow Yukon instead of merely braking.

**TRAILER BRAKE CONTROLLER.** For fingertip control and easy monitoring of your trailer brakes, there’s an available integrated trailer brake controller. Now conveniently located to the left of the steering wheel, it displays the level of brake force or “gain” in the Driver Information Center.

**TRAILER SWAY CONTROL.** Keep both you and your trailer heading in the same direction, automatically. The system uses StabiliTrak sensors to detect a swaying trailer, applying both Yukon’s and the trailer’s brakes (if properly equipped) to help bring it back in line.

**TORMENTOR SPRAY CONTROL.** Keep both you and your trailer traveling in the same direction, automatically. The system uses StabiliTrak sensors to detect a swaying trailer, applying both Yukon’s and the trailer’s brakes (if properly equipped) to help bring it back in line.

**TRAILER BRAKE CONTROLLER.** For fingertip control and easy monitoring of your trailer brakes, there’s an available integrated trailer brake controller. Now conveniently located to the left of the steering wheel, it displays the level of brake force or “gain” in the Driver Information Center.

---

\(^1\) Requires 5.3L V-8 and Heavy-Duty Trailering Package. Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow.
LANE DEPARTURE WARNING
The available Lane Departure Warning alerts you if you wander from your lane without using your turn signal.

SAFETY ALERT DRIVER SEAT
Forward Collision Alert, Lane Departure Warning and Front and Rear Park Assist provide visual alerts and allow you to choose from additional audible signals or the new available Safety Alert Driver Seat, which uses directional vibrations to help warn you of a potential collision.

SIDE BLIND ZONE ALERT
The available radar-equipped sensors monitor Yukon’s blind spots, alerting the driver via visual warnings to help reduce the risk of collisions.

LANE CHANGE ALERT
Working with Side Blind Zone Alert, this available system uses long-range (up to 230 feet) radar to help detect and warn you of fast-approaching traffic in the next lane.

REAR CROSS TRAFFIC ALERT
Monitoring your surroundings and working with the Rear Vision Camera System, it sends audio and visual warnings, alerting you to cross traffic while backing up in a parking lot or driveway.

ADAPTIVE CRUISE CONTROL
This available technology detects a vehicle ahead and automatically adjusts Yukon’s speed to maintain a steady driving distance. It also includes Crash Imminent Braking that automatically slows Yukon down to help prevent an impact.

ENHANCED SECURITY PACKAGE
To help ensure that it remains in your possession, the 2015 Yukon surrounds itself with this available package that includes glass breakage sensors, vertical movement sensors, interior motion detectors, door lock shields and numerous other theft-deterrent technologies to keep potential thieves at bay.

IN YUKON, SAFETY IS FRONT AND CENTER.
It all starts with the industry-first and GM-exclusive Front Center Air Bag designed to protect you and your front-seat passenger. From there, Yukon includes a comprehensive array of driver alert technologies, engineered using the concept that the best way to handle a collision is to avoid it. Yukon offers the Driver Alert Package that includes Forward Collision Alert, Lane Departure Warning and the Safety Alert Driver Seat.

FRONT CENTER AIR BAG
The Front Center Air Bag is designed to help protect drivers and front seat passengers in side-impact crashes where the affected occupant is on the opposite, non-struck side of the vehicle.

FORWARD COLLISION ALERT
The available Forward Collision Alert warns you when you’re rapidly approaching another vehicle and it appears a collision is imminent.

LANE DEPARTURE WARNING
The available Lane Departure Warning alerts you if you wander from your lane without using your turn signal.

SAFETY ALERT DRIVER SEAT
Forward Collision Alert, Lane Departure Warning and Rear Park Assist provide visual alerts and allow you to choose from additional audible signals or the new available Safety Alert Driver Seat, which uses directional vibrations to help warn you of a potential collision.

SIDE BLIND ZONE ALERT

1 NOTE ON CHILD SAFETY: Always use safety belts and the correct child seat for your child’s age and size, even with air bags on. To help ensure that you have the proper restraint for your child, make sure to visit a Chevrolet dealer. You may also need the appropriate gravity, child-position sensor, feature is not available in all vehicles, and may not be operable in all vehicles. Consult your owner’s manual for additional information. Use of child safety seats is strongly encouraged. Frequent inspection and use of child safety seats can help reduce the risk of injury or death in a collision.

2 Before making a lane change, always check the Side Blind Zone Alert display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.

A NOTE ON CHILD SAFETY: Always use safety belts and the correct child seat for your child’s age and size, even with air bags on. A NOTE ON CHILD SAFETY: Always use safety belts and the correct child restraint for your child’s age and size, even with the air bag supplemental restraint system. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your Owner’s Manual and child safety seat instructions for more safety information.

2 Before making a lane change, always check the Side Blind Zone Alert display, check the side and inside rearview mirrors, look over your shoulder for vehicles and hazards and start the turn signal.
ONSTAR FEATURES

AUTOMATIC CRASH RESPONSE: In many crashes, built-in sensors can automatically alert an OnStar Advisor who is immediately connected into your vehicle to see if you need help—even if you can’t respond.

CRISIS ASSIST: During severe weather or other crisis situations, OnStar can provide a quick, central point of contact when you need emergency assistance, navigation help or information.

EMERGENCY SERVICES: One push of the red emergency button gives you a priority connection to an Advisor who can direct emergency service providers to your exact location.

ROADSIDE ASSISTANCE: If you need an emergency tow, lockout service or help with a flat tire, just push the blue OnStar button and an Advisor can direct help to your exact location—it’s all a part of your OnStar subscription.

SECURITY FEATURES: Remote Door Unlock, Remote Horn and Lights and Stolen Vehicle Assistance provide help when you need it.

THERE WHEN YOU NEED US.

Standard for 6 months, the OnStar Directions & Connections Plan lets you speak to a live OnStar Advisor just by pressing the blue OnStar button in your vehicle.

HANDS-FREE CALLING: With Voice Command Available OnStar Hands-Free Calling is built-in service in case your cell phone is unavailable, out of range or has a low battery. Just push a button and say the number to make a call.

TURN-TURN NAVIGATION: Push your blue OnStar button and tell the Advisor where you want to go, and directions will be downloaded to your Yukon.

ONSTAR NAVI-MAP QUEST.COM: Get a head start on a trip by checking out your destination on Mapquest.com and then clicking the “Send” link. Directions will be sent to your Yukon.

ROADSIDE ASSISTANCE: If you need an emergency tow, lockout service or help with a flat tire, just push the blue OnStar button and an Advisor can direct help to your exact location—it’s all a part of your OnStar subscription.

SECURITY FEATURES: Remote Door Unlock, Remote Horn and Lights and Stolen Vehicle Assistance provide help when you need it.

GMC PRO GRADE PROTECTION. PROFESSIONAL GRADE COVERAGE.

Pro Grade Protection is standard on every 2016 Yukon. From scheduled maintenance to protecting your entire vehicle, you can drive with confidence.

2-YEAR/24,000-MILE RECOMMENDED SCHEDULED MAINTENANCE

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY

5-YEAR/100,000-MILE POWERTRAIN LIMITED WARRANTY

ACCESS IS AVAILABLE FOR 5 YEARS FROM THE DATE OF VEHICLE DELIVERY AND IS TRANSFERABLE. DOES NOT INCLUDE ANY EMERGENCY SERVICES OR OTHER ONSTAR SERVICES. TO CANCEL REMOTELINK KEY FOB SERVICES, OR IF YOUR VEHICLE IS SOLD, IT IS IMPORTANT TO CONTACT AN ONSTAR ADVISOR. SEE ONSTAR.COM/MOBILE FOR FULL DETAILS.

THE BEST AND THE BRIGHTEST.

These custom wheels feature a brilliant, durable chrome or two-tone black gloss and polished finish and are available with matching lugs and GMC center caps.

FINE-TUNING.

GMC Accessories are engineered and tested to meet the standards of your Yukon. Available individually or as part of a package, they are the best way to customize your Yukon while still keeping it Professional Grade. Personalizing your Yukon is easy; just ask your dealer.

1. CHROME ASSIST STEPS Help it easier to get in and out of your Yukon with these stylish assist steps. Crafted from rust-resistant stainless steel, they come as 6" oval chrome steps.

2. TRAILER-HITCH CLOSEOUT This custom-molded cover hides the trailer hitch receiver when not in use. Available in select body colors. Not available for Yukon Denali or Yukon XL Denali.

3. CHROME GRILLE Specifically designed and engineered for your vehicle, this stylish grille has a chrome surround and features the GMC logo.

4. CHROME MIRROR COVERS Help your Yukon make even more of a fashion statement with these chrome outside rearview mirror covers. Set of two.

5. ROOF RACK CROSS RAIL PACKAGE These cross rails add function and style to the factory roof rack of your Yukon. The cross rails are the base mount for cargo management accessories.

6. CHROME DOOR HANDLES Add personality to the exterior of your Yukon with these stylish chrome door handles. Like the tail array of chrome accessories, they help your Yukon stand apart from everything else on the road.

7. CHROME RECOVERY HOOKS Add functionality and enhance the appearance of your Yukon. These front hooks are for vehicle recovery only. To avoid the risk of injury, never use recovery hooks to tow a vehicle. For more information, see the Recovery Hooks section of your GMC Owner’s Manual.

For approved tire and wheel combinations and other important information, go to gmaccessorieszone.com or see your dealer for details.

1. 22" 7-Spoke Silver Wheel (SF1)
2. 22" 7-Spoke Silver Wheel with Black Inserts (RX1)
3. 22" 6-Spoke Chrome Wheel (SEZ)
4. 22" 6-Spoke Chrome Wheel (SEY)
5. 22" 5-Spoke UBM/Hi Gloss Black Wheel (SEW)
6. 22" 6-Spoke Silver Wheel with UBM (SF0)
7. 22" 7-Spoke Silver Wheel with Chrome Inserts (RXN)

Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle’s performance characteristics.

Your vehicle comes with a mile powertrain limited warranty, Roadside Assistance and Courtesy Transportation.

PRO SHADE PROTECTION

For 2015, Yukon comes with the Pro Shade Protection Plan, which includes: 7-year/150,000-mile comprehensive, 5-year/100,000-mile powertrain warranty, 1-year/100,000-mile limited bumper-to-bumper warranty, 5-years/100,000 miles powertrain warranty for certain public transportation or fuel expenses for overnight warranty repairs and courtesy rental for jump-starts and more for 5 years or 100,000 miles (whichever comes first).

EXTRACTIVE TRANSFERS

Available at participating dealers, include vehicle reimbursement of certain parts transportation at fuel expenses for overnight warranty repairs and courtesy rental for jump starts and more for 5 years or 100,000 miles (whichever comes first).

GMC OWNER CENTER

To the
department of

equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to your vehicle Owner's Manual and child safety seat instructions for more safety information.

A NOTE ON CHILD SAFETY

Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are not protected by air bags. For more information, see your vehicle Owner's Manual and child safety seat instructions for more safety information.

To learn more about special GM Mobility offers, visit gmmobility.com.

GMMOBILITY.COM

Some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle body designs and other marks appearing in this catalog are the trademarks and/or service marks of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce GMC vehicles with different or differently sourced components than originally scheduled. Since some information may have been updated since frontpage printings, please check with your local dealer for details. OnStar services include a 6-month trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. XM satellite service is available only to those in the USA.

ASSEMBLY

OnStar may not be available in all areas. OnStar services may not be available in vehicle electrical system (including battery), wireless service and GPS satellite signals to be available require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. Visit onstar.com for coverage maps, details and system limitations. OnStar Hands-Free Calling requires existing OnStar service contract and prepaid minutes. Calls can be made in U.S. and Canada only.

CALL: 1-888-4-ONSTAR

Use your vehicle Owner's Manual and child safety seat instructions for more safety information.

The special body company, assembler, equipment installer or upfitter is solely liable for the safety or quality of design features, materials or workmanship of any alterations by such suppliers. We reserve the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to your vehicle Owner's Manual and child safety seat instructions for more safety information.

IMPORTANT WORDS

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, specifications, features and equipment. Some information may have been updated since the time of printing. Please check with your GMC dealer for complete details. GMC reserves the right to change or discontinue any program at any time, without notice.

ADDITIONAL NOTES

Vehicle body designs and other marks appearing in this catalog are the trademarks and/or service marks of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to change the safety or quality of design features, materials or workmanship of any alterations by such suppliers, and a new vehicle may not have the same safety performance characteristics as the vehicle from which the alteration was made. Visit our site at gmc.com for complete terms and conditions.

IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the vehicle, as well as the equipment or components, are the responsibility of the owner or the installer. GM and its subsidiaries or suppliers to GM do not guarantee that the alterations will be made to correct any vehicle defect and most warranty repairs will not be included in a warranty claim. Repairs will be made to correct any vehicle defect and most warranty repairs will not be included in a warranty claim. Visit our site at gmc.com for complete terms and conditions.
