WE’VE REFINED THE REFINEMENTS.
(PUSHING THE MEANING OF BOLD DESIGN EVEN FURTHER.)

Life rewards action. We fully embrace that notion by never standing still, never resting on our reputation. That’s why the new 2016 Terrain is a testament to continuous evolution. While embracing Terrain’s iconic design, we’ve enhanced its exterior personality. After all, at GMC, precision means making certain that the details of every detail—no matter how small—shout premium in, of course, the most refined way.
Handles curves, straightaways
and your expectations.

(you’ll be able to seize those tricky parking spots.)

Terrain’s precise chassis and suspension tuning provide nimble maneuvering in and around town. It’s what you’ve come to expect. With traction control and available all-wheel drive, even when road and weather conditions turn challenging, you’re still comfortably in command. Yet, Terrain goes a step further by offering intuitive driver-assist technologies to help increase your awareness of surrounding traffic.
Devices must be WPA2 compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Visit onstar.com for details and system limitations.

Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity.

Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada.

It’s one thing to possess technology that keeps you connected, informed and entertained; it’s quite another to enjoy it while surrounded by an acoustically premium environment thanks to features such as triple door seals. Options including OnStar 4G LTE Wi-Fi® turn Terrain into a mobile hotspot, while the IntelliLink® audio system enables personalized entertainment and a Navigation system provides reliable turn-by-turn guidance. When it comes to solitude, we don’t miss a beat, so you never have to.
PREMIUM MEASURED IN STITCHES-PER-INCH AND COMFORT-PER-MILE.

(YOU’LL BE LOOKING FOR EXCUSES TO GET BEHIND THE WHEEL.)

Signs of Terrain’s attention to detail are everywhere—like in its seats, for instance. A generous stitches-per-inch ratio means we’ve created a detailed, premium upholstered finish that maintains its shape over time. Plus, its interior is designed for overall harmony. At GMC, Professional Grade engineering and an exacting execution are what we demand of ourselves, because it’s what precision demands.
EXPLORE NEW TERRAIN.
[WHO KNOWS WHERE IT’LL TAKE YOU.]

To discover the purpose in the precision of the new 2016 Terrain, go to gmc.com/2016terrain. You’ll be among the first to experience it, and your dealer will make sure you find more innovations per square inch.
NEW 2016 TERRAIN | PRECISION. MOVEMENT.
