2017 HYUNDAI VELOSTER

LIKE A STREET BIKE WITH FOUR WHEELS AND THREE DOORS.

We know what gives you a rush. Stop-light launches that thrust you back into your seat. Handling that feels like you’re a carving knife that’s just been sharpened. Style that’s anything but dull. So we made certain the Hyundai Veloster stands out from all other compact performance coupes.

Our inspiration? Your aspiration to drive something with the soul of a high-performance street bike. You can see it in Veloster’s aggressive shapes and bold colors, inside and out. And feel it in the way a class-leading power-to-weight ratio and Dual Clutch Transmission translate into acceleration, shifting and handling that’s instantly responsive.

Whether you choose Veloster, Veloster Turbo, Turbo R-Spec or the new Value Edition, get ready to enjoy the most interior volume of any car in its class.¹ It’s space that’s uniquely easy to access, thanks to an exclusive three-door design. So go ahead, invite rear passengers along for the ride.

And there’s plenty of substance beneath all that Veloster style. Like your choice of two torque-rich, eco-efficient engines. Powerful audio and touchscreen navigation systems that sync with your smartphone and respond to voice commands.² Choose the new Veloster Value Edition, and a boatload of premium features are included as standard equipment. Who knew a constant rush of adrenaline could actually be so sensible?

¹ Claim based on comparison of specifications on manufacturer websites.
² Navigation system is standard on the Veloster Value Edition and available on Veloster Turbo.
STYLISH ATTITUDE

THIS IS NO PLACE TO HIDE.

Veloster isn’t looking to blend in. Hyundai designers pushed their Fluidic Sculpture principles to the extreme, making sure that Veloster has the sleek, muscular look to match its hot-hatch performance. Its precisely cut wheel arches are stuffed with 17” alloys – 18” on Turbo and Value Edition. Projector headlights with LED accents give the Turbo’s front a penetrating gaze. And in back, chrome-tipped dual exhaust tips leave no doubt about Veloster’s street cred.

Step inside, and Veloster stays true to form. A leather-wrapped steering wheel and shifter are standard on all models. And on the 2017 Turbo, an available black leather seating scheme includes vivid orange accent seat trim, alloy sport pedals and high-gloss black accents on the console, dash and doors.

The versatility beneath Veloster’s form is equally eye-popping: Leave the rear seats up, and you’ve got 15.5 cubic feet of cargo space – more than some leading compact sedans. Fold the rear seats flat, and its best-in-class 34.7 cubic feet of space becomes readily accessible via the wide (and low) rear hatch opening.1

---

1 Claim based on comparison of specifications on manufacturer websites. 2 Available on Veloster Turbo, standard on Value Edition. 3 Android Auto works with smartphones running on Android 5.0 Lollipop or higher. Android, Android Auto, Google Play and other marks are trademarks of Google Inc. Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and later. Apple is a registered trademark of Apple Inc. Blue Link is standard on Value Edition, available on Veloster Turbo. Blue Link subscription service agreement required. Features vary by subscription plan. BlueLink service works using CDMA-based cellular networks. BlueLink service is not available where there is no cellular coverage, particularly in enclosed or remote areas. Service availability may be affected by signal strength, foliage, weather, topographical conditions (mountains) and nearby structures that might affect signal reception. For additional details and system limitations, visit HyundaiBlueLink.com.
VELOSTER VALUE EDITION

ROOM WITH A VIEW
With Veloster’s panoramic sunroof, sitting inside of your car is a mood-altering experience. Where other sport coupes can make you feel closed-in, Veloster’s interior becomes an airy space filled with light. The expansive glass of the panoramic roof spans both the front and rear rows, offering everyone a seat with a view. 

EYES ON THE PRIZE
Veloster’s driver-oriented interior was inspired by motorcycle designs. The shape and layout of the controls, vents, switches and dials in its unique center stack is not just cool looking – it’s actually easy to see everything in the cockpit at a glance.

HOLD IT RIGHT THERE
Veloster’s wide and low hatch design makes loading and unloading cargo easy. And its 60/40 split-folding rear seats let you maximize the 34.7 cubic feet of space. So whether your plan is to pick up a few friends or pack up a week’s worth of stuff, you’ve got the flexibility to make it happen.

VELOSTER VALUE EDITION in Boston Red
1 Claim based on comparison of specifications on manufacturer websites.  

2 Six-speed Dual Clutch Transmission (DCT) available on Veloster base model and standard on Value Edition. Seven-speed DCT available on Veloster Turbo. *Electronic Stability Control (ESC) cannot control your vehicle’s stability under all driving situations. ESC is not a substitute for safe driving practices. No system, no matter how advanced, can overcome physics or correct poor driving. The driver is always responsible for controlling the vehicle and must use caution to avoid loss of control in all driving conditions. Speed, road conditions and driver steering input will affect whether ESC can help prevent loss of control. See Owner’s Manual for details.

VELOSTER TURBO R-SPEC

To create the Veloster Turbo R-Spec, we did what tuners do: Dial up the performance feel. Starting with its 201-horsepower, twin-scroll turbocharged engine, we trimmed weight. Next, we added a B&M Racing® Sport Shifter for short-throw gear changes of the 6-speed manual transmission. To give the suspension more precise handling feedback, we added higher spring-rate coils at each wheel. To top it off, we gave the R-Spec some distinctive styling cues. Because that’s what tuners do.

SUMMON YOUR POWER.

There’s nothing quiet like it: Blip the throttle, and you can hear how eager Veloster is to do your bidding. Put it in gear, and the sensory experience gets even better. With Veloster, the 1.6-liter engine uses GDI technology to feed fuel to each cylinder for optimum power and efficiency. With Veloster Turbo, an advanced intercooled twin-scroll turbocharged version of this engine creates a power-to-weight ratio no car in its class can match.1

Veloster Turbo’s paddle shifters and its first-in-class 7-speed Dual Clutch Transmission quickly translate the engine’s 201 horsepower and 195 lb-ft of torque to the pavement as you tap-tap-tap your way through the gears.

Torque Vectoring Control and sport-tuned steering give Veloster Turbo precise cornering and exceptional handling, while a sport-tuned suspension and ground effects bodykit components ensure it stays glued to the road. Ready to put a stop to the fun? Veloster Turbo’s large 11.8˝ front disc brakes quickly rein in the power. But no worries, you can summon it again at the blip of the throttle.

SHIFT YOUR PERCEPTION

Typically found on high-end European driving machines, Veloster’s advanced EcoShift® Dual Clutch Transmission with steering wheel paddle shifters offers race-inspired driving that’s as smooth and quick as it is fun. Dual clutches work in tandem to create instantaneous gearshifts and boost fuel economy through improved efficiency.²

PLAY IT SAFE

Veloster delivers an exceptional level of standard safety features. Vehicle Stability Management integrates control of systems including Electronic Stability Control and the Motor-Driven Power Steering to provide optimal stability.² Hillstart Assist Control minimizes backward rolling on steep ascents. ABS with Electronic Brake-force Distribution and Brake Assist helps ensure secure stops. And a Tire Pressure Monitoring System keeps watch at each wheel.

TIGHT IS RIGHT

Building a sports coupe that’s a blast to drive starts with a rigid chassis. Then, you bolt on the right suspension components. Like Veloster’s MacPherson strut front suspension with coil springs, gas-charged hydraulic shocks and stabilizer bar. Plus a rear suspension sporting a lightweight V-Torsion beam. The result? Responsive handing with minimal body roll.
All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. All fees and programming are subject to change. To cancel, please call 1-866-635-2349. See our Customer Agreement for complete terms at siriusxm.com. Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. Remote Climate Control is available on properly equipped models with fully automatic temperature control. See Owner’s Manual for detailed specifications and limitations.
HIGH-TECH PLAYGROUND

THAT IS SO 2017.

Enough about Veloster, the car. Let’s talk about Veloster, the rolling high-tech playground. For 2017, it connects to the most important facets of your digital life, including your compatible smartphone through Apple CarPlay or Android Auto. With Bluetooth, you’ve got hands-free, voice-activated access to your smartphone contacts, along with the streaming of music files on your phone to Veloster’s audio system – the most advanced audio system we’ve ever offered.

Veloster’s new 7” touchscreen display audio features an enhanced user interface with familiar swipe controls and advanced voice recognition with simplified commands. Want to hear entertainment of a different sort? A finely tuned exhaust growl and a technology called Active Sound Design refines your Veloster Turbo’s sonic experience with every press of the throttle.

Need more ways to access your digital life? There’s dedicated USB/AUX connectivity and Pandora app integration. Veloster even doubles as your gaming console. You and your friends can plug in a gaming console to play Xbox in the comfort of your own mobile media room. Can your car do that?

WELCOME TO THE CONNECTED CAR

Blue Link, our award-winning connected car system, transforms how you interact with your Hyundai. One example: A Blue Link app for Apple Watch or Android Wear lets you remotely start your Veloster, and warm or cool its interior before you get in – all while you’re standing in your kitchen. With the available Blue Link Guidance Package, you can use Destination Search powered by Google to quickly find locations, and use the mobile app to send directions from your smartphone to Veloster’s nav system. There’s also a Connected Care Package (complimentary for one year on Veloster) that offers Monthly Vehicle Health Reports, on-demand diagnostics, SOS emergency assistance and more. Visit HyundaiBlueLink.com for details.

TOTALLY SIRIUS

Veloster offers the latest features and services from SiriusXM® Satellite Radio. Functions include buffering for your top six presets, so you can go back and hear the beginning of songs or pause them. SiriusXM Traffic and Travel Link data services let you stay up-to-the-minute on what’s happening with traffic, sports, news, weather and stocks, as well as nearby fuel prices and movie times.

GOT YOUR BACK

Shift into reverse gear, and the standard rearview camera projects video on the center console monitor with guidelines that bend to match your steering wheel angle and convey your intended path. Available rear parking sensors on Veloster Turbo add warning sounds to help you avoid obstacles.

TECH SAVVIER

Android Auto offers an easy way to tap into the functionality of your compatible Android smartphone while driving. You can access Google Maps, stream music or access your library on Google Play Music, make hands-free calls and more. Veloster also supports Apple CarPlay, which lets iPhone users access Apple Music and Maps, make phone calls and send messages through Veloster’s touchscreen or with voice commands through Siri.

2017 VELOSTER

**KEY STANDARD FEATURES**
- 1.6L GDI 4-cylinder engine
- 6-speed manual or available 6-speed EcoShift® Dual Clutch Transmission (DCT) with SHIFTTRONIC® paddle shifters and Hillstart Assist Control
- Engine cover and hood insulator
- 17˝ alloy wheels with 215/45R17 tires
- Chrome-tipped dual exhaust
- LED headlight accents with Daytime Running Lights
- Front foglights
- Power windows
- Bodycolor heated side mirrors
- Power door locks and remote keyless entry with alarm
- 7˝ display audio and rearview camera
- AM/FM/SiriusXM audio system with 6 speakers and HD Radio® technology
- Smartphone/USB/video auxiliary input jacks
- Apple CarPlay™ /Android Auto™ support
- Bluetooth® hands-free phone integration with voice recognition and wireless audio streaming
- Air conditioning

**NEW 2017 FEATURES**
- Tilt-and-telescopic steering wheel with audio, phone and cruise controls
- Leather-wrapped steering wheel and shift knob
- 6-way adjustable driver seat with armrest storage box
- Illuminated vanity mirrors with sunvisor extensions
- Trip computer
- Front passenger seatback pocket
- Metallic accents
- 6-airbag safety system with advanced dual front airbags and Occupant Classification System
- Vehicle Stability Management
- Electronic Stability Control
- Traction Control System
- 4-wheel disc ABS brakes with Electronic Brake-force Distribution and Brake Assist
- Driver’s blind spot mirror
- Tire Pressure Monitoring System
- Map lights with sunglasses holder
- Rear wiper

**2017 VELOSTER TURBO**

Veloster Standard Features plus:
- 201-hp, 1.6L twin-scroll turbo GDI 4-cylinder engine
- Available 7-speed EcoShift® Dual Clutch Transmission (DCT)
- Torque Vectoring Control
- Unique 18˝ alloy wheels with 225/40R18 tires
- Front projector headlights with LED accents
- Rear LED taillights
- Active Sound Design
- Unique front fascia and grille
- Side mirrors with turn signal indicators

**VELOSTER TURBO R-SPEC**

Veloster Turbo Standard Features plus:
- Sport-tuned suspension
- Red leatherette seat bolsters and door inserts
- Red-colored seatbelts
- B&M Racing® Sport Shifter
- "R-Spec" badging
- "R-Spec" floor mats
- Removable Proximity Key entry with push button start

**TECH PACKAGE | Veloster Turbo Standard Features plus:**
- Panoramic sunroof
- Automatic temperature control with auto-defogger
- 7˝ touchscreen navigation system
- Blue Link® Connected Car System
- SiriusXM Travel Link® (complementary trial)
- Rear parking sensors
- 115-volt power outlet
