Great design speaks to everyone, everywhere around the globe.”

Cyril Dimitris, Director of Lexus Canada, couldn’t be more clear about the company’s newly-honed focus of great design set in motion. It’s a focus we think is evident in the ongoing overhaul of our lineup. From the LFA, the futuristic supercar, to the LF-CC and award-winning LF-LC concept cars. And of course the All-New Lexus IS, now punishing the pavement and turning heads on a street near you.

You’ll note this dedication to design writ large in the distinctive spindle grille of the IS as it barrels toward you. And then quickly away from you. Inside the luxurious cabin, the design aesthetic is as elegant as it is ergonomic. Everything is in the right place, and all the details brilliantly combine to place you at the centre of a dynamic driving experience. What better way to demonstrate a commitment to inspire amazing design all over the world?
It’s all new. From the aggressive exterior redesign, to the revamped steering and suspension. Track-tested and performance-tuned, the IS line up is change at its best. The six-speed 204 horsepower IS 250 is available in rear-wheel and All-Wheel Drive. The 306 horsepower IS 350 is available with eight speeds and rear-wheel drive, and as an All-Wheel Drive six-speed. And then there’s F SPORT. F SPORT packages for both the IS 250 and 350 now offer available All-Wheel Drive and feature exclusive interior and exterior styling, topped with performance tunings of engine, steering, and suspension. In short, everything needed to push the driving dynamics higher.
See the full range of IS exterior colours come to life. Use the Blippar™ app (free download on Apple® App Store® and Google Play™) and fill your smart phone or tablet screen with this page.
From the take-no-prisoners spindle grille to the boldly inset LED daytime running lights, the All-New IS is a head-turner. Aggressive sculpting makes for distinctive body lines and exceptional aerodynamics. Its longer and wider stance and available staggered rear wheels create a commanding presence, on the road or on the track.

The fast-reacting LED taillamps are bright and energy efficient, and feature attractive L-shape design cues. Which gives non-IS drivers something pretty to look at as you pass them.
It's now even easier to enjoy your time behind the wheel of an IS.

A lower, sportier driving position reflects a driver-focused philosophy. Space-saving, energy-absorbing materials and superior design have increased rear-passenger headroom and knee room. Plus, a rear suspension redesign has made for cavernous trunk space that's now more versatile thanks to available 60/40 split-folding seats. The most luxurious room in your house may soon be the garage.
Sleek, newly-refined seating with available elegant contrast stitching.
INSTRUMENT CLUSTER
The LFA-inspired F SPORT instrumentation gauges are like nothing you’ve seen before. An 8-inch colour LCD panel is outfitted with an aluminum-trimmed bezel that physically slides to reveal multimedia, vehicle, and trip information at the push of a button.

ELECTROSTATIC CONTROLS
New Lexus-first electrostatic controls make for effortless cabin temperature adjustment. The advanced, stylish design offers quick, intuitive operation. Adjust the temperature in half-degree increments simply by touching or sliding a finger on the bar-shaped switch.

CONTRAST STITCHING
Sleek, newly-refined seating offers available elegant contrast stitching. On F SPORT packages, an innovative new process tightly attaches the upholstery to the seat padding, creating a more balanced seat shape and eliminating upholstery slippage. The seat material no longer needs to be stretched as tight, resulting in added seat flexion, enhancing ride comfort.

PREMIUM SURROUND SOUND
In the All-New Lexus IS, high performance doesn’t live only under the hood. The available Mark Levinson® 15-speaker premium surround sound audio system offers the impact and nuance you would expect from a world leader in high-end audio. Despite its compact size, it delivers sound reproduction with high musicality and resolution in a 360-degree, three-dimensional sonic space. Expect excellent natural dynamics and localization as well as rich harmonics. Remarkably, the high power and high sound quality come with low energy consumption.
1. SPORTY HANDLING
In the All-New IS, several feature redesigns combine to provide crisper, more sure handling. Along with a more rigid suspension and body, count on Drive Mode Select to help maintain handling stability by controlling damping force in accordance with driving operations and road surface conditions.

2. V6 ENGINE WITH DUAL VVT-

The IS 350 produces 306 hp with its potent 3.5 L V6 engine, while the IS 250 wrings 204 hp from its 2.5 L V6. Both come with direct injection technology and Dual Variable Valve Timing with Intelligence, a system that continuously monitors and adjusts the intake and exhaust valve timing for optimum thrust across the engine’s entire RPM range.

3. MORE RIGID SUSPENSION
The ongoing pursuit of higher performance has inevitably lead to a sport-tuning of the All-New IS suspension system. The double wishbone front suspension system has been impressively retooled, and it now offers a 20% increase in sway rigidity to provide excellent response to steering inputs.

4. LIGHTER, MORE RIGID BODY
The All-New IS features a 10% reduction in body weight and an increase in body rigidity. These accomplishments are due to a number of engineering and design homeruns, including underbody bracing, spot-welds, an innovative body adhesive, laser screw-welding, plus extensive use of aluminum and hot-stamped high-tensile steel.

5. MULTI-LINK REAR SUSPENSION
The redesigned rear suspension adopts a new critically-acclaimed multi-link system from the Lexus GS. Revised tuning of rear suspension has resulted in excellent response to steering inputs, and produced a 15% increase in rear tire cornering grip. As well, a complete brake system redesign provides quick response, smooth and linear effectiveness, and increased controllability.

FASTER THAN A DOUBLE TAKE.

Lowered, refined and pushed for performance driving, the All-New IS delivers. With all the power, technology, and sporty handling expected of the IS marque. Trust it to hit the corners elbows up.
1. **EIGHT STANDARD AIRBAGS**

Eight standard airbags include side curtain and knee airbags for the driver and front passenger. Also available are rear outboard-seat side airbags.

2. **BLIND SPOT MONITOR**

The newly-available Blind Spot Monitor System uses sensors to act as an extra set of eyes. When rear-mounted radar detects vehicles in adjacent lanes that are not visible in the side mirrors, in-mirror alerts notify you of their presence.

3. **VEHICLE DISTANCE CONTROL**

Newly-available Dynamic Radar Cruise Control goes beyond keeping your vehicle’s speed constant. It also determines the lane of vehicles ahead and maintains a preset distance from them.

4. **REAR CROSS-TRAFFIC ALERT**

Whenever reverse gear is engaged, the available Rear Cross-Traffic Alert System employs quasi-millimetre wave radar to detect vehicles approaching the difficult-to-see area behind the vehicle. The driver is then alerted of the approach of unseen vehicles via audio alert and side-mirror indicators.
Lexus All-Wheel Drive provides improved traction and control, helping you keep the edge in your drive. In adverse conditions, engine power can be split up to 50% front and rear. For normal driving, 30% of engine power goes to the front and 70% is delivered through the rear wheels. It’s All-Wheel Drive confidence matched with the unmistakable feeling of rear-wheel drive.

GETS YOU FROM ‘A’ TO ICY SNOW-DRIFTED ‘B’.
F SPORT isn’t just the brawn; it’s the very heart and soul of the IS. All elements of handling performance are exclusively tuned for F SPORT, including front and rear suspension and Electric Power Steering. The IS 350 F SPORT also features Drive Mode Select Sport+ for additional control of engine, transmission, steering, and Adaptive Variable Suspension. It all adds up to exclusive performance tuning wrapped in design as aggressive as it is innovation.

ADD SOME BURNT RUBBER TO THAT NEW CAR SMELL.
1. **STYLING**

F SPORT packages feature aggressive styling cues like 18-inch wheels and the exclusive F SPORT spindle grille with mesh pattern.

2. **BADGING**

F SPORT models announce themselves with exclusive exterior and interior badging and colours, plus details such as the F SPORT steering wheel, shift knob and centre wheel ornament.

3. **INSTRUMENT CLUSTER**

The F SPORT instrumentation gauges feature an aluminum-trimmed bezel that physically slides to reveal requested data. Inspired by the LFA, this instrument cluster displays digital information on an 8-inch, colour-customizable LCD screen.

4. **SPORT+ DRIVE MODE SELECT**

Drive Mode Select Sport+, available on the IS 350 F SPORT, optimizes engine, transmission, steering and Adaptive Variable Suspension for full performance potential.

5. **ALUMINUM DETAILS AND TRIM**

The F SPORT design aesthetic complements track-inspired aluminum pedals with aluminum door sills and interior trim.
On top of enjoying the highest quality product, Lexus also delivers through a professional Dealer network a unique and uncompromising level of after-sales service:

**First Class Service Concept.** The highest level of professionalism and vehicle support ensure that the Lexus ownership experience is as luxurious as the vehicles.

**MAINTENANCE**  
We offer the first two scheduled maintenance services at no charge to you. The first service at 1,600 km will include a thorough vehicle inspection and a road test. The second inspection at 8,000 km will include a change of engine oil and oil filter.

**EXTRA CARE PROTECTION**  
Extend beyond the new vehicle warranty and enhance your peace of mind with Lexus Extra Care Protection.

**LEXUS LIFESTYLE COLLECTION**  
Enhance your ownership experience even further with “The Lexus Lifestyle Collection” Catalogue. Every year, Lexus assembles a wide range of brand-name products that exemplify the finest design and craftsmanship in the world, which include designer luggage, Lexus apparel, stunning watches, and much more. An exceptional item can be found for every driver.

To learn more about the various exclusive services that Lexus has to offer, please visit www.lexus.ca.

**WARRANTY**  
Our Lexus Warranty Comprehensive Coverage includes:
- 48 months/80,000 km (includes tires).
- Powertrain: 72 months/110,000 km.
- Corrosion Perforation: 72 months/unlimited kilometres.
- Major Emission Control Components: 96 months/130,000 km.

Please see your Lexus Dealer for details.

**ROADSIDE ASSISTANCE**  
As a proud owner of a Lexus vehicle, you won’t have to worry about obtaining assistance when mishaps requiring Emergency Roadside Service or Mechanical Breakdown Towing are needed. Throughout Canada and the continental U.S., our Central Emergency Roadside Services Operator will always be there to ensure you receive prompt, efficient services from one of the many facilities qualified under our approved Roadside Assistance Program. Twenty-four hours a day, 365 days a year, we will be there to help.

**THE DEALERSHIP EXPERIENCE**  
When you visit one of our dealerships, make yourself at home by helping yourself to a beverage and internet access. When picking up your new Lexus, our associates will make the transition seamless. We can help you with everything from setting your favourite radio stations to connecting and transferring your compatible cell phone’s contacts to the available Bluetooth® system on your vehicle. Rest assured your car will experience the finest treatment as well, with a complimentary car wash with every service.

**SERVICE COMMITMENT**  
On top of enjoying the highest quality product, Lexus also delivers through a professional Dealer network a unique and uncompromising level of after-sales service:

**First Class Service Concept.** The highest level of professionalism and vehicle support ensure that the Lexus ownership experience is as luxurious as the vehicles.

**OPTION PACKAGES**

- **PREMIUM PACKAGE**
  - 18-inch split 10-spoke alloy wheels
  - 18-inch 5-spoke alloy wheels
  - Dynamic Radar Cruise Control
  - Pre-Collision system
  - Lane Departure Alert
  - LED headlights with automatic high beam function
  - 225/40R18 (front) and 255/35R18 (rear) summer tires
  - Power lift-and-slide rear window sunshade
  - Power tilt-and-slide moonroof
  - Rain-sensing windshield wipers
  - Intuitive park assist

- **F SPORT Package**
  - 18-inch graphite-finish SPORT wheels
  - F SPORT suspension tuning
  - 18-inch split 10-spoke alloy wheels
  - Perforated leather-trimmed steering wheel
  - Aluminum pedals
  - Door sill plates
  - Dynamic wheel and shifter
  - Mark Levinson® 15-speaker premium surround sound audio system

**EXECUTIVE PACKAGE** includes Luxury Package plus:

- Blind Spot Monitor with Rear Cross Traffic Alert
- Lane Departure Alert
- Dynamic Radar Cruise Control
- Pre-Collision system
- LED headlights with automatic high beam function

**EXECUTIVE PACKAGE** includes F SPORT Package plus:

- 18-inch 5-spoke alloy wheels
- 18-inch split 10-spoke alloy wheels
- Pre-Collision system
- Lane Departure Alert
- LED headlights with automatic high beam function
