With the 2014 Nissan NV Passenger, there’s always room for more. Whether it’s taking little leaguers and gear to the game, sharing a multi-family vacation or being the king of the carpool, NV Passenger transports your expectations as well as your passengers, with room for 12 and a class-leading 324 seating configurations. And getting to those seats is easy, with a sliding side door and a low step-in height. Confidence comes along for the ride with integrated headrests and seat belts and class-exclusive standard roof-mounted side-impact supplemental curtain air bags for outboard occupant head protection with rollover sensor for every row. Innovative heating and cooling keeps everyone comfortable, too. The out-front engine design provides improved driver comfort, easier engine access for servicing, and the durability of a full-length, fully boxed ladder frame and the biggest brakes in its class. It all adds up to a team player we can all cheer for. 2014 NV Passenger.
PACK IT IN. MOVE 'EM OUT.

NV® Passenger not only gives you space, it gives you unbeatable flexibility when it comes to carrying passengers and cargo. A choice of fore or aft positions in the 2nd- and 3rd-row seats means impressive stretch-out room; a real plus for taller or larger family members. And with six individually removable seats, you can do amazing things like having room for eight while fitting items up to ten feet long – all without the hassle of using a roof rack.

Cargo and load capacity limited by weight and distribution. Always secure all cargo.
NISSAN FLEXIBLE SEATING
OPENS WIDE AND
SAYS MORE.

NV® Passenger not only gives you space, it’s designed to make it easy to use every inch. The rear doors swing wide, opening 243°, and are held in place with powerful magnetic door stops. The easy-sliding side door creates a wide opening and with a low step-in height, there’s easy access for everybody. And when you need to make the big haul, remove the 2nd-, 3rd- and 4th-row seats and enjoy a massive 218.9 cubic feet of cargo space.¹

Class-leading 324 seating configurations: With a class-leading total of six independent rear seats, you have unmatched flexibility whether it’s maximizing cargo, passengers, or just giving everyone a little more room to get in and move around. The 4th-row seats even feature wheels for easier removal.

¹Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. "Ward’s Light Vehicle Market Segmentation: 2014 NV® Passenger vs. 2014 Large Van Class."

Maximum passengers
Easy entry and exit

¹Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. “Ward’s Light Vehicle Market Segmentation: 2014 NV® Passenger vs. 2014 Large Van Class.”
COMFORT, CONTROL AND CONVENIENCE.

The job title may say driver, but you can also add part-time skycap, cashier, entertainment director and company representative to the list. NV Passenger helps you excel at all of them, providing outstanding room and superior visibility for easier maneuvering. There’s dedicated storage for everything from clipboards to business cards, and advanced technology to help keep you on time, and your passengers comfortable and entertained. Job well done.

Cool and comfortable. Along with standard front and rear HVAC units, each passenger row has two adjustable overhead air conditioning vents.

Convenient cup holders. No detail was overlooked in NV Passenger. Each row features two under-seat slide-out cup holders, designed to hold a variety of containers and strong enough to withstand years of abuse.

Warm and toasty. Dual floor-mounted heater vents make sure every seating position gets warm. Some competitors have only a single heater vent that leaves some passengers out in the cold.

Rear power outlets. An available 12-volt power outlet in the third row is ideal for charging a cell phone or tablet, while an available dedicated 120-volt outlet behind the 4th row in the cargo area can charge a power tool battery pack or a laptop.
PROTECT
When a collision is unavoidable, advanced technology helps minimize injury and keep you safe. Nissan’s Zone Body construction further strengthens that line of defense, helping to absorb impact and protect everyone on board.

Eight Standard Air Bags
- (2) Dual-stage supplemental front air bags
- (2) Front seat-mounted side-impact supplemental air bags
- (2) Roof-mounted curtain side-impact supplemental air bags with rollover sensor for front occupant head protection
- (2) Roof-mounted curtain side-impact supplemental air bags with rollover sensor for 2nd–4th row outboard occupant head protection

RESPOND
Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond in a potentially harmful situation.
- Vehicle Dynamic Control
- Traction Control System (TCS)
- Anti-lock Braking System
- Brake Override Technology
- Brake Assist

NISSAN SAFETY SHIELD® PHILOSOPHY
INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn’t it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® technologies are a comprehensive approach to safety that guides the engineering and development of every vehicle we make.
Designed to transport your expectations as well as your passengers, NV® Passenger sets the standard for business transportation. With a full-length, fully boxed ladder frame and the largest brakes in its class, it’s built to provide years of tough, reliable performance. The out-front engine design provides improved driver comfort and easier engine access for servicing. And if it's a winner for customers too, with low step-in heights and comfortable seating with integrated headrests and integrated seat belts. Once they’re seated, passengers will find innovative heating and cooling to help keep them comfortable and luxury touches like individual overhead lighting and available multiple power points. It might just be the best part of a business traveler’s trip. And, with comfortable drivers, satisfied passengers and a profitable bottom line, it’s the smart way to run a business, too.

BUSINESS. CLASS.
STAYING ORGANIZED

Flexible center console. NV® Passenger’s available center console is a master multi-tasker – large enough to hold hanging files or a laptop computer – with a top that slides forward to create a convenient work desk. 12-V and available 120-V outlets help ensure your business devices are always charged and ready to go.

Fold-down front passenger seat. Need more work space? The fold-down passenger seat creates additional room, and also functions as a tray when you’re grabbing a bite.

Under-seat storage drawer. A great place to keep invoices and other important paperwork. Out of sight but easily within reach. For added utility, there’s an available storage pocket attached to the front of the driver’s lower seat cushion – ideal for smaller items like cell phones.

Best of both worlds. Remove all the rear passenger seats to create more space and turn your 15-passenger people-mover into a cargo vehicle with 218.9 cubic feet of cargo space.

STAYING CONNECTED

Navigation. The available 5” touch-screen display offers NavTraffic® for real-time advisories to keep you on the move. The map’s 3-D perspective helps make negotiating even the most crowded areas easier.1

RearView Monitor. Displayed on the easy-to-view 5” screen, the available RearView Monitor helps make parking and backing up to loading areas a snap.2

USB Input. With the available USB input, you can enjoy your favorite tunes from your iPod® and control it through the audio system or steering wheel-mounted controls.3

Steering Wheel-mounted Controls. Available steering wheel-mounted controls keep NV® Passenger’s phone and audio controls at your fingertips.

Bluetooth. The available Bluetooth® Hands-free Phone System helps drivers make and receive calls while keeping their hands where they belong – on the wheel.4

Convenient 120-V Access. Conveniently located in the center console, available 12-V and 120-V power outlets are ideal for charging a laptop computer or cordless power tool.

Front and Rear Sonar System. Available in either rear or combined front and rear versions, the system beeps when it senses an object up to six feet away, and increases in frequency the closer you get.5

Information Provided By:

Check rearward looking for safety.
Fanatical? Maybe. But when it comes to making the toughest commercial vehicles you can buy, we go the extra distance for you. And for NV® Cargo and NV® Passenger, it’s no Sunday drive. We simulate years of corrosion where we soak a vehicle with salt, bake it, and pound it around a test track. We wreak havoc with suspension and body components by driving through potholes, dips and over 4x4 beams. Special chambers crank up the heat to 144 degrees and humidity to 95% to break down seals and fry up interiors. We even have machines that can simulate nearly any road in the world, and we run our vehicles on them non-stop for 12 hours, 24 hours, or even more. Do we really need to go to such extremes, just to make a Nissan Commercial Vehicle the best you’ve ever owned? Every day, you depend on your vehicle to do your job. That’s the motivation for us to do ours.
NV® Passenger has been engineered from the bottom up to give you the kind of reliability and durability you need to ensure a solid bottom line for your business. It’s built on a full-length, fully boxed frame for a long service life. The biggest brakes in its class provide confident stopping power, while standard VDC helps keep you on your steered path. Whether you choose between a fuel-efficient V6 or powerhouse V8 engine, you ride with state-of-the-art technology. With up to 8,700-lb. towing capacity, you can bring what you need, when you need it! And since both engines run so efficiently, you’ll never have to worry about logging idling time again.

Vehicle Dynamic Control NV® Passenger’s VDC system helps you stay on your steered path by reducing engine speed and/or applying appropriate brake pressure to specific wheels.²

Powerful choices NV® Passenger’s 24-valve, 4.0-L V6 features an advanced Continuously Variable Valve Timing Control System that delivers seamless power with optimum fuel efficiency.

Step up to the 32-valve 5.6-L V8 and you’ll find an aluminum block with a forged crankshaft and cast-iron cylinder liners for maximum strength. Both engines feature specially coated piston skirts and microfinishing of key components to help reduce friction for smooth response and less wear and tear.

Suspension and ride Based on the heavy-duty components of NV® Cargo, Nissan engineers specially tuned the suspension of NV® Passenger for rider comfort.¹

¹Ward’s Light Vehicle Market Segmentation. 2014 NV® Passenger vs. 2014 Large Van Class. VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ²Vehicle Dynamic Control (VDC), which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely. ³Maximum Trailer Weight is reduced if the vehicle has cargo and passengers. If the vehicle has only passengers, the Gross Combined Weight Rating and the Gross Axle Weight Rating applies. See Nissan Towing Guide and Owner’s Manual for proper use.
BIGGER MADE BETTER.

NV® PASSENGER TRIM BUILD

**NV3500® HD S**

4.0-liter DOHC V6 engine • 5-speed automatic transmission • Heavy-duty battery • 14” Vented disc brakes front/rear • 17” Steel wheels with 245/70R17 tires • Black exterior trim • Air conditioning • Water-repellent cloth seats with vinyl wear patches on inner and outer bolsters • 12-passenger seating capacity • 324 Seating configurations • Ten exterior roof rack-mounting points • 347 Maximum opening range for rear cargo doors • Eight cup holders and three bottle holders • 12 Rear passenger heating and cooling vents • Overhead front passenger map lights • Side and rear window privacy glass • AM/FM/CD audio system with four speakers • Three assist grips • Driver’s under-seat storage tray • Pre-wiring for electrical and telematics uplifting • Eight standard air bags • Vehicle Dynamic Control (VDC) • Optional 5.6-liter DOHC V8 engine

**KEY AVAILABLE PACKAGE:** Power Basic Package

**NV3500® HD SV**

INCLUDES NV3500® HD S EQUIPMENT PLUS:

17” Chrome-clad wheels • Rear Sonar System • Chrome exterior trim • Power door locks and front windows • Steering-wheel mounted audio and cruise controls • Multi-functional lockable center console • Driver’s seat storage pocket • Six additional rear area map lights • Two additional cup holders (ten total) • Carpeted flooring • Two additional 12-volt DC power outlets • Two 120-volt AC power outlets rated at 400 watts • Entry lighting for driver and front passenger • 8-way power driver’s seat with manual lumbar support • MP3/WMA/CD playback capability • Two additional speakers • Vehicle Security System with remote keyless entry • Nissan Vehicle Immobilizer System • Optional 5.6-liter DOHC V8 engine

**KEY AVAILABLE PACKAGE:** Technology Package

**NV3500® HD SL**

INCLUDES NV3500® HD SV EQUIPMENT PLUS:

5.8-liter DOHC V8 engine • Final gear ratio of 3.54:1 • Fog lights • Front Sonar System • Leather-appointed seats • Heated front seats • Leather-wrapped steering wheel • Bluetooth® Hands-free Phone System • Auto-dimming rearview mirror with compass • Dual-zone air conditioning • Power heated chrome extendable side mirrors • Two front tow hooks with Tow Mode A/T • Class IV tow hitch receiver • 7-pin connector/brake controller pre-wiring

**KEY AVAILABLE PACKAGE:** Technology Package

FABRIC AND PAINT SELECTIONS

- Vinyl and Gray Cloth Standard on NV3500® S and SV
- Beige Leather Standard on NV3500® S
- Super Black
- Midnight Garnet
- Java Metallic
- Brilliant Silver
- Glacier White
- Graphite Blue

Nissan has taken care to ensure that the color swatches presented here are the closest possible representation of the actual colors available. However, due to viewing light or screen quality, swatches may vary slightly from the actual colors at your local Nissan dealer.

CHOICE OF ONE OF TWO COMPLIMENTARY INCENTIVES

With the Nissan Commercial Vehicles Incentive Program, qualifying NV® Passenger buyers enhance their purchase with one of two exciting choices to help them get down to business:

1. Complimentary NCV Graphics Package
   - Package includes 55 square feet of custom-designed, professionally installed graphics by 3M.
   - MSRP*: $1,300
   - Customer Responsibility: $0

2. Commercial Cash Incentive
   - This option allows eligible customers to take advantage of a cash incentive. See your local Nissan Commercial Vehicles Dealer for complete guidelines surrounding the cash-incentive amounts and eligibility requirements.

NCV GRAPHICS UPGRADE PACKAGES

Nissan Commercial Vehicles offers additional upgrade packages at a significant discount to the customer. Customer participation will vary based on package selected.

**125 Square Feet**

- **MSRP:** $1,875
- **Customer Responsibility:** $825

**225 Square Feet**

- **MSRP:** $3,150
- **Customer Responsibility:** $3,100

**375 Square Feet**

- **MSRP:** $4,688
- **Customer Responsibility:** $3,813

CUSTOMER COMMITMENT

Your vehicle is more than just basic transportation, it’s what makes your business run efficiently. At Nissan Commercial Vehicles, we understand our part in making your business run cost-effectively. That’s why we’ve partnered with our commercial certified parts and service dealers to ensure we are there for you when you need us. As part of our parts and service commitment, you will experience the following at every certified Nissan Commercial Vehicles Dealer:

- Service and maintenance plans. Developed specifically for Nissan Commercial Vehicles and backed by Nissan, a wide variety of service plans are available to you, including high-mileage options. Your authorized Nissan Commercial Vehicles dealer has all the details, and will be glad to help you find the plan that best fits your business needs.
- Roadside Assistance and Trip Interruption. Our commercial vehicles come with the confidence of Roadside Assistance, offering lockout support, towing services, emergency fuel delivery, fire changes and dead-battery jump-start service. Our Trip Interruption benefit offer assistance if your vehicle becomes disabled more than 100 miles from your company’s location.
- Customer Protection Plans. Nissan offers you the ability to protect your vehicle from the unexpected, as well as the ordinary, with a variety of protection plan options available through 3M. Visit www.nissancommercialvehicles.com for more information.

We’ve got you covered. Every Nissan is backed by a 3-year/36,000-mile (whichever occurs first) limited vehicle coverage and a 5-year/60,000-mile (whichever occurs first) limited powertrain coverage. (For complete information, see your Nissan Commercial Vehicles Owner’s Manual.) For extra protection, you can also add Security+Plus®, the only extended service agreement approved by Nissan.

Availability of NCV Graphics Package is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details. Bluetooth SEMark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. Nissan does not warranty NCV Graphics Package; instead, warranty is provided by 3M, Inc. Offer valid for 2013 or 2014 model-year NV® Passenger vans. Please see your local NCV dealer for more details on the Commercial Incentive Program. To find your local NCV dealer, reference the dealer locator at www.NissanCommercialVehicles.com

### NV® PASSENGER

Shouldn’t you drive something you love? Absolutely. And that’s what inspires our innovation. We look at every part of your drive and ask how can we make it better, smarter and more productive. So when you get down to business in your new Nissan Commercial Vehicle, you’ll feel how hard-working the answers can be:

- **Curb Weights**
- **With tow hitch receiver (V8)**
- **With standard bumper towing**
- **Maximum Payload – Lbs.**
- **Maximum Towing – Lbs.**
- **Weights – Lbs.**
- **GVWR**

The Nissan Commercial Vehicle lineup is just part of the family of Nissan Vehicles. And follow Nissan Commercial Vehicles on:
