WELCOME TO THE 2015 NISSAN ARMADA® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Armada.

Click here to sign up for news and updates on the 2015 Nissan Armada.
Looking for a vehicle that can live up to your lifestyle? Nissan Armada® has what it takes: a whole lot of muscle and finesse where it counts. Let your passengers stretch out in style with available second-row captain’s chairs, or go huge with bench seating and room for eight. Can’t decide which toys to bring? Why not bring them all with a 317-hp V8 and up to 9,000-lb. towing capacity? And to make sure the good times keep rolling, avoid gridlock with updates from available NavTraffic.® No matter where your life takes you, Armada® will be there for you in a big way.
Nissan Armada® Platinum shown in Pearl White.
Full-size, yes, but Nissan Armada® is designed for individual comfort. The available Memory System allows you and another driver to save your preferred positions. That means the Nissan Intelligent Key® recognizes who is who, then moves the driver's seat, the power adjustable pedals and outside mirrors accordingly. Add in available heated front and second-row seats and steering wheel, and you'll find yourself in surroundings that feel as personal as they do grand.
Seating for seven in high style. With the available second-row captain’s chairs you can stretch out, relax, and enjoy first-class accommodations. There’s even a center console with plenty of storage and convenient cup holders. More than just a luxurious ride, Nissan Armada® is extremely practical too – the third row and captain’s chairs easily fold flat to carry large, oversize items with ease.

*Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the rear, will affect the handling and stability of the vehicle.
Nissan Armada® Platinum shown in Arctic Blue Metallic.
Nissan Armada® Platinum shown in Almond Leather.
Seating for eight with second-row bench seating. Nissan Armada® pumps up the volume with comfortable room for eight adults. The 40/20/40 second-row seats tip up for easy entry to the third row, and fold flat to maximize cargo space. And with the available power flat-folding, third-row seats and power liftgate, bringing everything you need along has never been easier.

* Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.
Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status.  
Required SiriusXM® Satellite Radio, NavTraffic® and NavWeather® subscriptions sold separately after trial period.  
Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic® available in select markets. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2014 Sirius XM Radio Inc. Sirius, ® XM® and all related marks and logos are trademarks of Sirius XM Radio Inc.  
Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included.  
Availability of specific features is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details. Bluetooth® word mark and logos are owned by Bluetooth® SIG, Inc., and any use of such marks by Nissan is under license.  
The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object.  
Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle.  
Bose® is a registered trademark of The Bose Corporation.  
Avoid traffic and get there smoothly. The available Nissan Navigation System not only helps you find restaurants, ATMs and gas stations, it also points out the best way to get there with NavTraffic®. This feature displays color-coded, real-time traffic advisories to help keep you away from the gridlock. And with up-to-the-minute weather advisories from NavWeather®, you can decide if you’ll be dining al fresco before you even get there.  
Nissan Mobile Entertainment System. In addition to watching movies, you can play your camcorder through the available DVD system’s USB inputs or plug in your video game system on the large, 7” dual head restraint monitors.  
Keep everyone entertained for hours. Maybe even days. Follow your hometown team on SiriusXM® Satellite Radio or plug in your iPod® through the USB input and listen to your own tunes. You can even let the kids play DJ from the back seat with available Bluetooth® streaming audio. And whatever you’re listening to, the available Bose® sound system – custom-tuned for this interior – will make it sound superb.  
Making happy campers, all around. The same screen that displays the available Nissan Navigation System – including the 3-D Birdview™ feature that gives you a three-dimensional image of major buildings – also lets you see and control all your audio options. With clear roads ahead and highly accessible playlists at the ready, it’s easy to remember that the journey really is half the fun.  
Smart parking. Armada®’s standard Rear Sonar System and optional Front Sonar System beep when they sense an object up to six feet away, and increase in frequency the closer you get to help you maneuver into tight spaces. You can also choose the available RearView Monitor, which helps you see objects directly behind you when in reverse. Plus, it’s ideal for lining up your approach to a boat trailer.

GIVING NEW MEANING TO BOATLOAD.

Wherever you're headed, Nissan Armada® has the power and capability to help get you there. Its potent V8 engine is constructed of lightweight aluminum components to help provide an immediate response. Pair that with available All-Mode 4WD, and you'll have maximum control in varying weather and road conditions. And with an independent rear suspension and full-length fully boxed frame, all three rows can count on a smooth ride every time. There's even a Flexible Fuel Vehicle (FFV) feature that allows you to choose ethanol E85, standard gasoline or any mixture of the two fuels. Flexible Fuel Vehicles (FFV) are not available in all states – please check with your local Nissan dealer.

317 HP 385 LB-FT 9,000 LBS. MAX TOWING

Nissan Armada® Platinum shown in Midnight Garnet with accessory Telescoping Tow Mirrors.
If the only thing constant in this world is change, you need a 4WD system that can keep up. Nissan’s All-Mode 4WD® is so advanced, it responds instantly to changing road conditions and continuously adjusts the amount of power distributed to each axle to help maintain control.

Keeping an eye on the situation as well as the bottom line, All-Mode automatically switches to 4WD to improve traction on lower friction surfaces, and switches back to 2WD for optimal fuel economy when more traction is available.

NISSAN ALL-MODE 4WD® INNOVATION THAT HAS A GRIP ON REALITY.

**2WD**
For normal conditions on dry, paved roads.

**AUTO**
Automatically switches between 2WD and 4WD depending on conditions.

**4H**
Greater traction for rocky, sandy, and muddy roads.

**4LO**
For maximum torque on rocky and steep grades.

Cargo shown for display purposes only. Always secure all cargo. Cargo and load capacity limited by weight and distribution. Heavy loading of the SUV with cargo, especially on the roof, will affect the handling and stability of the vehicle.
NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn’t it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions. Like a rearview camera that helps you see something directly behind you when in Reverse, or a system that helps ensure you’re traveling on properly inflated tires.

- Tire Pressure Monitoring System
- Automatic On/off Headlights
- Rear Sonar System
- Available RearView Monitor
- Available Front Sonar System

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

- Vehicle Dynamic Control helps you maintain your steered path.
- Traction Control System helps reduce wheelspin in low-traction situations.
- Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.
- Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
- Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect everyone on board.

- Six Standard Air Bags
- LATCH System (Lower Anchors and Tethers for Children)

NISSAN SAFETY SHIELD® AUTOMATIC FEATURES

Nissan Motor Acceptance Corporation. Whether you’re buying or leasing, you’ll find attractive rates and flexible terms to make your purchase more accessible.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about eligibility for our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 5-year/100,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus®. For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus®. This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they’re the only parts to carry Nissan’s factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to NissanUSA.com/mobility for more info.

Nissan’s environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF®. Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee.
