Thumbs Off Your Phone While Driving!

Every year, too many people die because we can’t put our phones down while driving. That’s why Nissan is supporting the Red Thumb Movement as part of our ongoing commitment to help reduce fatalities on the road. So paint your thumbnail red as a reminder not to pick up your phone when you’re behind the wheel. Find out more at NissanUSA.com/redthumb

Los folletos de Nissan también están disponibles en español. Visita: NissanUSA.com/folletos-espanol

print in usa.
ELECTRIFY YOUR drive with all energy, no exhaust. Wake up fully charged, and get where you're going with swift power out of the gate. Change course: Take the scenic route, stay out longer with confidence. Embrace the future in America's best-selling fully electric vehicle.¹ Now with even longer range available.² The 2016 Nissan LEAF. A whole new outlook on LIFE.

¹ Source of data: InsideEVs.com Cumulative Sales Data (December 2010—May 2015). ² 2016 Nissan LEAF® trim EPA range is 84 miles. 2016 Nissan LEAF® SV and SL trim EPA range is 107 miles. Actual mileage may vary with driving conditions — use for comparison only.
STEP UP TO MORE RANGE THAN EVER.

LEAF® is all about progress. Now you can step up to a larger battery capacity with extra range.

107 MILE RANGE¹

30 kWh BATTERY
SV and SL models.

84 MILE RANGE¹

24 kWh BATTERY
S model.

Your home dock will be your primary charging station, but you’ve got options:

Normal Charge – 240-volt charging dock:
LEAF® SV and SL charge in as little as 6 hours. S model, in about 8, or as little as 5 with the available S Charge Package.²

Quick Charge – DC fast-charge station:
Available Quick Charge port lets you reach 80% charge in about 30 minutes.² Do your shopping, come back out, and you’re good to go.

Opportunity Charge – 110/120-V cable:
Every LEAF® comes with an opportunity-charge cable. The slowest way to go, but works in a pinch.³

Public Charge Availability:
With approximately 22,000 public charging stations currently available, we’re constantly working with government and private companies to expand private charging networks.

Download the free LEAF® EZ-Charge™ app to find a station near you.¹ Available in the iTunes® and Android app stores.

Watch how to get your home charging dock installed at bit.ly/leafdock16

¹ 2016 Nissan LEAF® S trim EPA range is 84 miles. 2016 Nissan LEAF® SV and SL trim EPA range is 107 miles. Actual mileage may vary with driving conditions — use for comparison only.
² Approximate time. Charge times may vary depending on temperature, age of battery, quick charger used, and other conditions. Quick Charge charging networks are third party owned, not within Nissan’s control. Availability of charging stations not guaranteed.
³ Use only a 110 – 120 volt, 15-amp dedicated outlet for charging. PlugShare® charging network is a third party not within Nissan’s control. Availability/accessibility of charging stations is not guaranteed. PlugShare® is a registered trademark of Xatori, Inc. iTunes® is a registered trademark of Apple, Inc. All rights reserved.
The LEAF® EZ-Charge™ app gives you access to the most accurate and complete public charging station maps available. You can filter results by charging network and charger type. Need a fast boost? Pinpoint the closest DC Quick chargers, delivering an 80% charge in 30 minutes or less, at your fingertips.¹

Stay up to date. The LEAF® EZ-Charge™ app keeps you informed with the most accurate and complete public charging station maps available. You can filter results by charging network and charger type. Need a fast boost? Pinpoint the closest DC Quick chargers, delivering an 80% charge in 30 minutes or less, at your fingertips.¹

NissanConnectSM EV requires compatible GSM/GPRS cellular network provided by independent cellular companies not within Nissan’s control. Cellular networks are third party owned, not within Nissan’s control. Availability of charging stations not guaranteed. Charge times may vary depending on temperature, age of battery, quick charger used, and/or other third party changes. Certain remote functions require compatible smartphone, tablet, or SMS/text message. Terms and conditions of Subscription Agreement apply. ²

1. Coverage varies based on network availability. 2. Subject to terms and conditions of Subscription Agreement. 3. Rear heated seats available on SL trim only. 4. Bose® is a registered trademark of The Bose Corporation. EZ-Charge SM is a service mark of NRG EV Services LLC.

Tools to Take You Farther.

Drive more. Do more. The available NissanConnectSM EV and Zero Emissions menus help you manage your driving range, calculate range-saving routes and find the nearest spot to charge.¹ ²

The Future Looks Like This.

Power up your LEAF® and you’re greeted with high-tech features you’d expect from a vehicle this innovative, like the available Bose® sound system. Standard heated front seats keep you cozy, while available black leather-appointed seats are a sleek touch to top it off.

Room for 5 | Heated front and rear seats³ | Bose® sound system

The Perks You Deserve.

100% Torque. Instant Fun.

Say “hello” to your seatback – Nissan LEAF®’s 100% torque off the line introduces you instantly. Its acceleration brings a fun, new kick to your everyday to-do list. And the LEAF®’s low center of gravity means curve-hugging and easy control in the driver’s seat.

Available in the iTunes and Android app stores. http://EZ-Charge.com

1 Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. App availability is dependent upon vehicle model, trim level, packaging, and/or options. See NissanUSA.com/connect for complete app availability details. Never use devices while driving. Use of any device may impair user’s ability to safely operate vehicle and should be used only when vehicle is stationary. Always use caution and common sense while using connected device while driving. For details on how the LEAF® EZ-ChargeSM app helps you out with charging station maps, the closest DC Quick charger, a Route Planner, and more, see http://EZ-Charge.com.
2 VDC, which should engage when deep-snow or on-road driving conditions exist, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Tolkiennduced wheel spin on a slippery surface may cause vehicle to lose traction.
3 See NissanUSA.com/connect for details. Not available on S trim level. Includes a 10-year/150,000 mile warranty (which includes all warranty components) for the battery pack. A charge dock is standard on all trims except S. A charge dock is available for the S trim level as an accessory. Additional information may be found at NissanUSA.com/connect.
4 NissanConnectSM is equipped on vehicle at the time of the vehicle’s current sale. The term ‘as configured’ applies. Some items are optional and may be added after the vehicle is sold. Items may vary by region.
5 Includes SiriusXM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.
6 Bose® and Bose® premium sound system are registered trademarks of Bose Corporation. EZ-ChargeSM is a service mark of NRG EV Services LLC. Google® is a registered trademark of Google Inc. HomeLink® is a registered trademark of HomeLink, Inc. HomeLink, Inc. is not responsible for the operation of this product. Always observe traffic regulations and conditions. Always carry your keys to enter, lock, and start the vehicle. Use only with a compatible smartphone and cellular network. Siri Eyes Free only available with a compatible smartphone and installed software. Siri is not available on all smartphones.
7 To engage VDC, the vehicle must be on. You may be able to turn off the VDC system if you experience vehicle drift or loss of traction on slippery or soft surfaces. Always turn off the VDC system when driving on a slippery or soft surface.
8 Always wear a seat belt and use child restraint systems or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner’s Manual for more details. 10Faster estimated charge time based with 240-volt charging dock and 6.6 kW onboard charger, which is standard on all trims except S. Charge times may vary.
9 Certain remote functions require a compatible smartphone, not included with vehicle. 3 Available in the iTunes and Android app stores. 4 Includes SiriusXM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.
10 For details. Thirty-six (36) month trial period begins on your date of vehicle purchase or lease of a new Nissan; subsequently a paid subscription (excluding Pandora® app via NissanConnectSM®) is required (excluding Pandora® if Pandora® app via NissanConnectSM® is equipped on vehicle) at the then current rate to continue to receive services. Text rate and/or data usage may apply. DVR is not available for the Easy-Fill Tire Alert to operate. 10Faster estimated charge time based with 240-volt charging dock and 6.6 kW onboard charger, which is standard on all trims except S. Charge times may vary.
11 NissanConnectSM EV requires a compatible GSM/GPRS cellular network provided by independent cellular companies not within Nissan’s control. Cellular network not available in all areas and/or available at all times. In areas with network coverage, signal strength may vary and/or not be available at all times. Technology is evolving, and changes to cellular networks or other third party changes may affect future availability or functionality. Should a third party provider terminate/restrict service, service may be unavailable. Certain remote functions require a compatible smartphone, not included with vehicle. 3 Available in the iTunes and Android app stores. 4 Includes SiriusXM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.
12 Apple® is a registered trademark of Apple Inc., HomeKit® is a registered trademark of Apple Inc., Siri® is a registered trademark of Apple Inc.
