TAKE ON your drive with all energy, no exhaust. Wake up fully charged, and get where you’re going with swift power out of the gate. Change course: Take the scenic route, and go farther with confidence. Embrace the future in America’s best-selling fully electric vehicle. Now with a newly standard, longer range than ever: The 2017 Nissan LEAF. It’s time to enjoy AN ELECTRIFYING RIDE.
STEP UP TO MORE RANGE THAN EVER

LEAF® is all about progress. Now you can enjoy a larger standard battery with a longer range than ever before.

**UP TO 107 MILE RANGE² **

Your home dock will be your primary charging station, but you’ve got options:

- **Normal Charge – 240-volt charging dock:**
  LEAF S (with Quick Charge Package), SV, and SL charge in as little as 6 hours — perfect for an overnight charge that leaves you energized.

- **Quick Charge – DC fast-charge station:**
  Available Quick Charge port lets you reach 80% charge in about 30 minutes³. Do your shopping, come back out, and you’re good to go.

- **Opportunity Charge – 110/120-V cable:**
  Every LEAF comes with an opportunity-charge cable. The slowest way to go but works in a pinch.

**Public Charge Availability:**

With approximately 30,000 public charging stations currently available, we’re constantly working with government and private companies to expand private charging networks.

**Download the free LEAF EZ-Charge™ app** to find a station near you! Available in the iTunes® and Android® app stores.
Drive more. Do more. The available NissanConnect™ EV and Zero Emissions menus help you manage your driving range, calculate range-saving routes and find the nearest spot to charge. 1, 2

NISSANCONNECT™ EV
Drive more. Do more. The available NissanConnect™ EV and Zero Emissions menus help you manage your driving range, calculate range-saving routes and find the nearest spot to charge. 1, 2

Zero Emissions Menu | NissanConnect™ EV

100% TORQUE – INSTANT FUN
Say “hello” to your seatback – Nissan LEAF’s 100% torque off the line introduces you instantly. Its acceleration brings a fun, new kick to your everyday to-do list. And the LEAF’s low center of gravity means curve-hugging and easy control in the driver’s seat.

THE PERKS YOU DESERVE
Power up your LEAF™ and you’re greeted with an impressive level of comfort. Inside, you’ll enjoy the available Bose® premium audio system. And standard heated front seats keep you cozy, while available black leather-appointed seats are a sleek touch that top it all off.

Room for five | Heated front and rear seats | Bose® premium audio system

THE FUTURE LOOKS LIKE THIS
NissanConnect™ EV requires compatible GERENCIA cellular network provided by independent cellular companies not within Nissan’s control. NissanConnect™ EV requires a compatible smartphone not included with vehicle. Charges may apply to NissanConnect™ EV communications received by email or SMS/text message. Terms and conditions of Subscription Agreement apply. Like other devices that rely on network coverage, once the network is terminated, NissanConnect™ EV will not function unless equipment replacements, upgrades, or alternative network coverage are available at that time, which Nissan cannot guarantee. Nissan is not responsible for associated costs that may be required for continued NissanConnect™ EV operation due to cellular network termination (including equipment replacements, upgrades, or alternative network coverage) or other third party changes. All trademarks, service marks, and trade names in this document are the property of their respective owners. NissanConnect™ EV, Bose®, and EZ-Charge™ are service marks of NRG EV Services LLC. Bose® is a registered trademark of The Bose Corporation. EZ-Charge™ is a service mark of NRG EV Services LLC.
