Always wear your seat belt, and please don’t drink and drive.

Printed in October 2016. Catalogue number: 99999-MUR17EN. ©2016 Nissan Canada Inc. All rights reserved.
REINVENT the adventure that's designed around you. Say yes to a night out and the chance to turn heads. Reconnect with your friends in the cushy lounge interior, perfect for relaxing or living it up. Tap into available technology that pumps the music from any seat and brings you closer together. The evening starts up when Murano® does. The 2017 Nissan Murano, the dynamic crossover that enhances all your EXPERIENCES.
Generous space is at your fingertips. The space and flexibility of the Nissan Murano's interior also comes with seamless ways to use it. Rear passengers can get in and out in a snap. In back, you can increase your cargo volume to 1979 litres (69.9 cu. ft.) when you collapse the 60/40 split rear seats. Convenient available automatic controls let you power up the rear seats from the instrument panel or rear cargo area. And for simpler loading and unloading, control Murano's available power liftgate from your remote, the instrument panel, or a button on the hatch.

Delightful by design. Murano invites you to enjoy the small things, like softer headrests with just the right amount of give. And the big things, like front and rear Zero Gravity seats, which help provide continuous support from hips to back and help reduce fatigue, leading the way for more comfortable road trips. To find your way, access the standard navigation on a high-resolution, 203 mm (8.0") multi-touch control colour display. Rear passengers can recline, and activate their own available Quick Comfort® heating—which warms you up in moments—by flipping the switch right next to their very own rear USB connection port. In addition to warm-ups, front seats also enjoy cool-downs with the available climate-controlled front seats. It's an elevated driving experience, for everyone on board.

1 Front seats and rear outboard seats only. 2 Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. 3 Passengers should not ride in the reclined position while the vehicle is in motion. 4 Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution and/or pull over.
Murano® offers a unique social space designed to let everyone connect in an interior that’s an expression of serenity. To begin with, we’ve designed Murano’s control panel to be simple and intuitive, nestled like a gem in the sculpted dash. Throughout the cabin, lit by the available ambient glow of adjustable mood lighting, touches of chrome and trim accents in Jasper Pearlescent or Brushed Silver complement the available leather interior. And the wide centre console allows everyone to mingle without leaning or straining. At the wheel, you have enhanced visibility, thanks to a higher seating position and slimmer side pillars that give way to larger windows. Meanwhile, above you, the expanded panoramic moonroof stretching from front to back seems to breathe in light. An atmosphere this premium makes it easy for everyone to enjoy the journey – and might make your destination seem beside the point.

YOU’RE NOT JUST DRIVING, YOU’RE HOSTING

Advanced Drive-Assist™ Display. You can access the tech you need at every turn, on your own 78 mm (3.0”) colour display.

Passenger-friendly Screen. Access music and more with a tap or a swipe on a 203 mm (8.0”) multi-touch control colour display. Pinch and zoom navigation lets you zero in on your destination.

Communication Alley. A wide centre console opens the way for all passengers to feel engaged.

Rear-seat Perks. Available rear heated seat switches and a class-exclusive rear USB with smartphone interface so rear passengers can charge their smartphone and play their music.

Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation.

Information displayed is dependent on how vehicle is equipped.

Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Do not unfasten the rear centre seat belt connector except when folding down rear seats.

Based on Global Automakers of Canada (GAC) Intermediate SUV segmentation.

Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. External device not included.

Nissan Murano® Platinum shown in Graphite Leather. U.S. instrumentation shown.
Daily commutes, traffic jams, and soccer games. With so much going on around you, it’s easy to lose sight of what’s most important: driving. From turn-by-turn directions to caller ID and safety features, the Advanced Drive-Assist Display puts it all right before your eyes on its 178 mm (7.0”) colour display – helping to minimize time looking away.1,2,4

What if parallel parking were easier? A RearView Monitor is great when backing up – but when it comes to parking, it’s nice to see more than just what’s behind you. That’s why Murano’s available Around View Monitor uses four cameras to give you a virtual 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.7,8 And since all obstacles aren’t stationary, Moving Object Detection helps keep an eye around your Murano and can warn you about moving objects detected in your vicinity.9

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY
INNOVATION THAT’S RIGHT IN FRONT OF YOU

NISSAN AROUND VIEW® MONITOR
IF YOU WANT PARKING ANY EASIER, YOU’LL HAVE TO VALET

What if parallel parking were easier? A RearView Monitor is great when backing up – but when it comes to parking, it’s nice to see more than just what’s behind you. That’s why Murano’s available Around View Monitor uses four cameras to give you a virtual 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.7,8 And since all obstacles aren’t stationary, Moving Object Detection helps keep an eye around your Murano and can warn you about moving objects detected in your vicinity.9

Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation.1 Information displayed is dependent on how vehicle is equipped.3 Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status.5 Availability of specific features is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence.5 TPMS is not a substitute for regular tire pressure checks.6 Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you.7 Parking assistance feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle.8 Virtual composite 360° view. 9 MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle.
Power, courtesy of a 3.5-L V6 engine. Murano's 260-horsepower 3.5-litre V6 engine keeps you ahead of the pack when you need to be. And efficient fuel economy on the highway keeps it practical. Of course, it doesn't hurt to have aerodynamics that give you a drag coefficient of 0.31 – comparable to sports cars.

Efficiency, brought to you by the Next-Generation Xtronic CVT. Unlike conventional automatic transmissions, the virtually “gearless” Xtronic CVT transmission makes gear-hunting a thing of the past. Fully variable gear ratios mean it can hold the engine at the ideal rpm, giving you a wave of power when you need it, and achieving quiet, efficient cruising when you don’t.

Intuitive All-Wheel Drive (AWD). Weather and road conditions can be unpredictable, but Murano’s intuitive AWD helps keep things smooth. Feel confident on the road, no matter where you go. The second you pull away, the available Intuitive AWD turns on, delivering power to both front and rear wheels for improved grip. Once you're up to speed, Murano® sends all power to the front wheels for improved efficiency. Then, for enhanced cornering control and traction, Intuitive AWD compensates by transferring some of that power from the front wheels to the rear, so you can rise to the occasion when driving conditions change.

BECAUSE YOU LIKE YOUR POWER POLISHED

Power, courtesy of a 3.5-L V6 engine. Murano's 260-horsepower 3.5-litre V6 engine keeps you ahead of the pack when you need to be. And efficient fuel economy on the highway keeps it practical. Of course, it doesn't hurt to have aerodynamics that give you a drag coefficient of 0.31 – comparable to sports cars.

Efficiency, brought to you by the Next-Generation Xtronic CVT. Unlike conventional automatic transmissions, the virtually “gearless” Xtronic CVT transmission makes gear-hunting a thing of the past. Fully variable gear ratios mean it can hold the engine at the ideal rpm, giving you a wave of power when you need it, and achieving quiet, efficient cruising when you don’t.

Power that inspires confidence

Intuitive All-Wheel Drive (AWD). Weather and road conditions can be unpredictable, but Murano’s intuitive AWD helps keep things smooth. Feel confident on the road, no matter where you go. The second you pull away, the available Intuitive AWD turns on, delivering power to both front and rear wheels for improved grip. Once you're up to speed, Murano® sends all power to the front wheels for improved efficiency. Then, for enhanced cornering control and traction, Intuitive AWD compensates by transferring some of that power from the front wheels to the rear, so you can rise to the occasion when driving conditions change.
What if you had the confidence you need for every part of your drive? The Nissan Safety Shield philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

**MONITOR**

Smart technologies are designed to help monitor conditions — like a warning to let you know when a vehicle is in the blind spot area, or a system that helps you ensure you’re travelling on properly inflated tires.

**Available Features:**

- **Predictive Forward Collision Warning (PFCW)**
- **Forward Emergency Braking (FEB)**
- **Driver Attention Alert (DAA)**
- **Rear Cross Traffic Alert (RCTA)**
- **Blind Spot Warning (BSW)**
- **Moving Object Detection (MOD)**

**Tire Pressure Monitoring System (TPMS) with class-exclusive Easy-Fill Tire Alert**

TPMS lets you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you’ve reached the correct pressure.³⁹⁴

**PROTECT**

When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and airbag systems help protect passengers.²

**7 Standard Airbags¹³**

Nissan Advanced Airbag System features front-seat-mounted side-impact supplemental airbags with rollover sensor.¹³

**LATCH System (Lower Anchors and Tethers for Children)**

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraint systems. The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/en/owners.

**RESPOND**

- **Vehicle Dynamic Control (VDC)** helps you maintain your steered path.
- **Traction Control System (TCS)** helps reduce wheelspin in low-traction situations.
- **Anti-lock Braking System (ABS)** helps you maintain steering control around obstacles while braking heavily.
- **Electronic Brake force Distribution (EBD)** sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
- **Brake Assist (BA)** helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.⁶

**GET AWAY WITH JUST A WARNING**

**Forward Emergency Braking (FEB)**

Using radar technology to keep an eye on your speed and proximity to vehicles ahead of you, the Forward Emergency Braking gives you audible and visual display warnings to help you know when to reduce your speed, if necessary. It can also apply braking to help you avoid a collision. If a collision is unavoidable, this feature will automatically engage the brakes to help reduce speed of impact and reduce the severity of a collision.¹²

**Blind Spot Warning (BSW)**

If another vehicle is detected in the blind spot area, an indicator appears in the driver’s or front passenger’s door pillar and on the Advanced Drive-Assist Display.

Then, if you put your turn signal on, the indicator flashes with a warning chime.⁸

**Rear Cross Traffic Alert (RCTA)**

When you’re backing out of a parking space, this feature watches the area around the rear of your Murano, and can warn you about vehicles you might not see approaching from either side. So backing up feels easier than ever.¹⁴

**Moving Object Detection (MOD)**

If the vehicle is in the blind spot area, MOD will detect objects within a predefined area around your vehicle. If MOD detects objects within this area, it will issue an audible warning.

**Easy-Fill Tire Alert**

VDC, which should remain on when driving except when freeing the vehicle from mud or snow, is designed to help monitor conditions — like a warning to let you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you’ve reached the correct pressure.⁸

**Traction Control System (TCS)** helps you maintain your steered path.

**Anti-lock Braking System (ABS)** helps you maintain steering control around obstacles while braking heavily.

**Electronic Brake force Distribution (EBD)** sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

**Brake Assist (BA)** helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

**TPMS is not a substitute for regular tire pressure checks.** Based on Global Automotive of Canada Inc. Internal testing for operation. The vehicle must be on for the Easy-Fill Tire Alert to function properly. Easy-Fill Tire Alert may not function properly if tire pressure is low or the wheel-carrying tire is not inflated. Easy-Fill Tire Alert may not function properly if tire pressure is low or the wheel-carrying tire is not inflated. Easy-Fill Tire Alert may not function properly if tire pressure is low or the wheel-carrying tire is not inflated. Easy-Fill Tire Alert may not function properly if tire pressure is low or the wheel-carrying tire is not inflated.
**CHOSE YOUR TRIM LEVEL**

**S**

• 260 HP 3.5-liter V6 engine, Xtronic CVT® (Continuously Variable Transmission)
• Front-Wheel Drive (FWD)
• Vehicle Dynamic Control® (VDC) with Traction Control System (TCS)
• Dual Zone Automatic Temperature Control (ATC)
• Heated front seats
• Nissan Intelligent Key® with Push Button Ignition
• 60/40 Split-fold rear seatbacks
• Advanced Drive-Assist Display with 78 mm (7.0") colour display
• Nissan Navigation System with 235 mm (8.6") multi-touch control colour display
• Bluetooth® Hands Free Phone System with text messaging assistance
• Apple CarPlay®
• Voice Recognition for audio and navigation
• RearView Monitor®
• AM/FM/CD audio system with INFINITI/TELEfony CD playback capability
• Front and Rear USB connection port for iPod® interface and other compatible devices
• SiriusXM Satellite Radio®
• Streaming audio via Bluetooth® wireless technology
• Tire Pressure Monitoring System (TPMS) with Easy-Fit Tire Alert®
• Nissan Advanced Airbag System®
• Black roof rails

**SV**

• Intuitive All-Wheel Drive (AWD)
• Fog lights
• Power Panoramic Moonroof
• Power liftgate
• Remote Engine Start System® with Intelligent Climate Control

**SL**

• Intuitive All-Wheel Drive (AWD)
• Silver roof rails
• Around View® Monitor®
• HomeLink® universal garage-door opener

**DRIVER ASSIST PACKAGE®**

• Auto-dimming rearview mirror
• Blind Spot Warning System (BSW) 15
• Around View Monitor® (AVM) with Moving Object Detection (MOD)
• Driver Attention Alert (DAA) 18
• HomeLink® universal garage-door opener

**SV INCLUDES S EQUIPMENT PLUS:**

• 8-way power driver’s seat
• Driver’s seat power lumbar support
• Leather-wrapped steering wheel and shift knob
• Heated front seats
• Dual Zone Automatic Temperature Control (ATC)
• LED Daytime Running Lights and taillights
• 18" Machine-finished aluminum-alloy wheels

**SL INCLUDES SV EQUIPMENT PLUS:**

• Intuitive All-Wheel Drive (AWD)
• Silver roof rails
• Around View® Monitor®
• HomeLink® universal garage-door opener

Nissan has taken care to ensure that the colour selections presented here are the closest possible representations of the actual vehicle colours. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colours at your local Nissan dealer.

Remember, removing the new vehicle sticker will void the warranty. Please remove the sticker before driving your vehicle.

BUYING AND OWNING

Finance Options Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, Loyalty Program or the Nissan Advantage Program. Please visit our website nissan.ca/finance to explore all of the options available. We have also made it easy to pre-qualify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2017 Nissan is covered by a 3 year/60,000 km7 Comprehensive New Vehicle Warranty, a 5 year/100,000 km7 Powertrain Warranty, an 8 year/130,000 km7 Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you’ll also receive a 3-year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See your Warranty Information Booklet for complete details.

Adding Security

For ultimate peace of mind, consider the Nissan Added Security Plan. It’s our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits.

SECURITY PLUS® Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there’s no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.

Nissan’s environmental action plan focuses on several key areas. In addition to increasing production of Zero Emission vehicles like the 100% electric LEAF®, we’re improving fuel efficiency across our lineup, and reducing the environmental impact of manufacturing through energy-efficient practices in our plants.

ACCESSORIES

See your Nissan dealer for details, or go to accessories.nissan.ca

1 See your Nissan dealer for the actual limited warranty. Koga and coil tower limited by weight and distribution. Always secure all cargo. Load capacity limited by weight and distribution. Never exceed maximum load capacity when carrying cargo. Always secure all cargo properly. A vehicle loaded beyond its rated capacity may display a vehicle weight over weight warning on the instrument panel. A vehicle with a gross vehicle weight rating (GVWR) over 8,500 lbs (3,856 kg) is considered a heavy-duty vehicle and may require a weight over weight warning.

2 Extra cost option.

3 See your Nissan dealer for details.

4 See your Nissan dealer for details.

5 Add-on, may require core charge and/or disposal fee.

6 See Nissan Towing Guide and Owner’s Manual for proper use. 7 For available programs, see your local Nissan Dealer or visit nissan.ca/finance, or call 1-866-784-0198. Conditions apply; review local laws before using. HomeLink® is a registered trademark of Gentex Corporation.
