Always wear your seat belt, and please don't drive and drive. Printed in August 2016. Catalogue number: 99999-PTH17EN. ©2016 Nissan Canada Inc. All rights reserved.
MAKE big plans. The destinations are endless. And unrivalled space means everyone gets in on the action. Where to next? Put it to a vote. Now take on the road, or what they call a road, with available All-Mode® 4x4-i, while you tow up to 6,000 lbs. (2,722 kg). Then feel secure with some of the most advanced driver-assistance systems anywhere. Capability at this level always makes for memorable ADVENTURES.
Nissan Pathfinder® Platinum shown in Almond Leather with optional equipment. U.S. instrumentation shown.

Pathfinder® surrounds you with premium comforts, including a standard Tri-Zone Automatic Temperature Control System, available climate-controlled (heated and cooled) front seats, heated 2nd-row outboard seats, heated steering wheel and the innovative Nissan Intelligent Key®. Then it makes you feel even more catered to with Push Button Ignition and a 203 mm (8.0”) touch-screen display. Add in an available memory seating system, premium wood-tone trim elements, and a Dual Panel Panoramic Moonroof, and getting to the next destination may be the best part.

PLAN AN EXTENDED STAY

TRYING A NEW TOY

In Pathfinder®, capability goes way beyond taking on rugged conditions; it's conquering the real world you face every day. That means more than just seating for seven. It means seating for seven with exceptional passenger room, including a 2nd row that slides over 133 mm (5.2") for stretch-out room and 3rd-row reclining seats.1,2 And with a highly flexible interior that can adapt to nearly any adventure, an available Tri-Zone Entertainment System,3 Bose® Premium Audio System, and Bluetooth® streaming audio,4 this is one time where one size fits all beautifully.

BECAUSE EVERYONE SHOULD COME ALONG

Slide function should not be performed with the Child Restraint System occupied. Passengers should not ride in the reclined position while the vehicle is in motion. Tri-Zone operation requires compatible auxiliary media system. See Owner's Manual for details. Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under licence.

Cargo and load capacity limited by weight and distribution. Always secure all cargo. U.S. model shown.

NC_17PTHb_04-05_r3.indd 4 8/11/16 7:47 AM
What if getting to any seat was easy? With the innovative EZ Flex Seating System, the 2nd row glides and tilts forward for easy access to the spacious rear seats. And once you’re in the 3rd row, you’ll find it exceptionally comfortable, thanks to reclining seats.1,2 Pathfinder® is family-friendly, too. With Pathfinder’s LATCH AND GLIDE® technology, you can even tilt and slide the right side of the 2nd row with a child seat securely strapped in.1

NISSAN EZ FLEX® SEATING SYSTEM
INNOVATION THAT GIVES EVERYONE AN OPEN INVITATION

1 Slide forward function should not be performed with the Child Restraint System occupied. 2 Passengers should not ride in the reclined position while the vehicle is in motion.

Fold-flat Rear Seats. Cargo? Pathfinder makes it easy, with folding 2nd- and 3rd-row seats that create a virtually flat floor and up to 2,260 L (79.8 cu. ft.) of cargo space.4

Under-floor Storage. There’s also an under-floor storage area that keeps valuables out of sight. It’s easily accessed even when the 3rd row is upright, for extra cargo space when you’ve got seven on board.4

Motion Activated Liftgate. Hands full? We’ve got you covered. With the Nissan Intelligent Key® in your pocket, just kick your foot under the rear bumper and the Motion Activated Liftgate will automatically open to give you easy access to Pathfinder’s versatile interior.3

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY
INNOVATION THAT’S RIGHT IN FRONT OF YOU

From keeping tabs on your trip to observing the 4WD system’s torque distribution to monitoring your tire pressure, the Advanced Drive-Assist Display puts it all right before your eyes. Steering wheel controls let you toggle through the different screens.

8/31/16 8:38 AM
Go ahead, bring your favourite toys. 284 HP and 259 lb.-ft. of torque equal an impressive 6,000 lbs. (2,722 kg) maximum towing capacity!* Meaning Pathfinder is more than up for the task. What does that mean for you? Your next adventure just got a lot more exciting.

BRING A BIGGER BOAT JUST BECAUSE YOU CAN

Balance of Power. The Advanced Drive-Assist® Display illustrates the Pathfinder dividing the power between the front and rear axles, helping to give you the available traction and control you need.**

Ups and Downs. When your travels take you on steeper paths, hill start assist helps prevent rollback when starting and driving away on an incline. Hill descent control** helps make going down steep grades more manageable by automatically adjusting your speed and brake pressure to help keep you going at a controlled speed.

With Pathfinder’s available All-Mode® 4x4-i intuitive 4WD system, you’ve got a system that’s capable on-road and off. And it’s the only vehicle in its class with available selectable driving modes. Choose full-time 2WD for maximum efficiency. Auto Mode constantly monitors conditions and adjusts the balance of power between front and rear wheels for best traction. Challenging conditions? 4WD Lock Mode is your choice. Just forget about taking snow days because there’s a good chance Pathfinder can still get you to work.

SNOWED IN IS NO LONGER AN EXCUSE

In Pathfinder’s power and efficiency combine to make every drive exceptional. It starts with an enhanced powertrain, including a more potent 3.5-litre V6 that provides plenty of passing power, while still sipping fuel. Add in our Next-Generation Xtronic CVT® (Continuously Variable Transmission) and the drive only gets better. It can hold the engine at the ideal rpm for the job, giving you a wave of power when you need it and running low rpm for quiet, efficient cruising when you don’t.

A RearView Monitor is great when backing up – but when it comes to parking, it’s nice to see more than just what’s directly behind you. That’s why Pathfinder’s Around View Monitor uses four cameras to give you a virtual 360˚ bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.\(^2,3,4\)

### NISSAN INTELLIGENT CRUISE CONTROL

SO SMART, YOU’D THINK IT WAS FROM THE FUTURE

Unlike traditional systems that only maintain a set speed, Pathfinder’s available Intelligent Cruise Control also helps maintain an adjustable set distance between you and the car in front. As traffic slows down or speeds up, Pathfinder\(^\text{®}\) can respond accordingly.\(^1\)

### NISSAN INTELLIGENT SAFETY SHIELD TECHNOLOGIES

YOUR PARTNER, NO MATTER WHERE THE ROAD TAKES YOU

What if extra reassurance was easy to spot? Pathfinder’s available Intelligent Safety Shield Technologies offer you a suite of advanced systems that help you keep an eye out all around you, watch the flow of traffic, and even think ahead.

1. **Forward Emergency Braking (FEB)**

   Using radar technology to keep an eye on your speed and proximity to the vehicle ahead of you, Forward Emergency Braking can give you audible and visual display warnings to help you know when to reduce your speed. If necessary, it can also apply braking to help you avoid a collision. If a frontal collision is unavoidable, this feature can automatically engage the brakes to help reduce speed of impact and reduce the severity of a collision.\(^2,6\)

2. **Blind Spot Warning (BSW)**

   If another vehicle is detected in the blind spot area, an indicator appears in the driver’s or front passenger’s door pillar and on the Advanced Drive-Assist\(^\text{®}\) Display. Then, if you put your turn signal on, the indicator flashes with a warning chime.\(^4,6\)

3. **Rear Cross Traffic Alert (RCTA)**

   When you’re backing out of a parking space, this feature watches the area around the rear of your Pathfinder, and can warn you about vehicles detected that you might not see behind you approaching from either side. So feel more confident backing up.\(^7\)

4. **Moving Object Detection (MOD)**

   The Around View Monitor is in use and MOD detects moving objects near the vehicle, it gives a visual and audible alert.\(^2,4\)

---

\(^1\) Intelligent Cruise Control is not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident. \(^2\) Whistle and tone warns feature plays even when vehicle is moving or braking. \(^3\)MOD is a collision avoidance system and does not detect every object. Always check surroundings and turn to look behind you before moving vehicle. \(^4\)Intelligent Safety Shield Technologies modulate the driver’s speed, direction, and so on to help keep you in your lane. \(^5\) Blind spot warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect or warn you of all objects around you. \(^6\)Blind spot warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect or warn you of all objects around you. Always check surroundings and turn to look behind you before moving vehicle. \(^7\)Intelligent Safety Shield Technologies are designed to apply and maintain a set speed and are not a collision avoidance system or warning device. Designed to use limited braking. Failure to apply the brakes could result in an accident.
What if you had the confidence you need for every part of your drive? The Nissan Safety Shield philosophy is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

**MONITOR**

Smart technologies are designed to help monitor conditions. Like a warning to let you know when a vehicle is in the blind spot area, or a system that helps ensure you’re travelling on properly inflated tires.

**Available Features:**
- Forward Emergency Braking (FEB)\(^1\)
- Blind Spot Warning (BSW)\(^3\)
- Rear Cross Traffic Alert (RCTA)\(^3\)
- Moving Object Detection (MOD)\(^4\)
- Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert\(^5,6\)

**RESPOND**

Whether you need to hit the brakes hard or manoeuvre around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

- Vehicle Dynamic Control (VDC)\(^7\) helps you maintain your steered path.
- Traction Control System (TCS) helps reduce wheelspin in low-traction situations.
- Anti-lock Braking System (ABS) helps you maintain steering control around obstacles while braking heavily.
- Electronic Brake force Distribution (EBD) sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
- Brake Assist\(^8\) helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

**PROTECT**

Six Standard Airbags\(^9\) Nissan Advanced Airbag System has dual-stage supplemental front airbags with seat-belt and occupant-classification sensors. In addition, Pathfinder\(^*\) features driver and front passenger seat-mounted side-impact supplemental airbags along with roof-mounted curtain side-impact supplemental airbags with rollover sensor\(^9\).

**LATCH System** (Lower Anchors and Tethers for Children)

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissan vehicles. The result: an industry first, The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at Nissan.ca/en/owners

---

\(^1\) FEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Warning sounds/pictograms may not be heard/seen by all drivers.

\(^2\) Blind Spot Warning is not a substitute for proper lane change procedures. It will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner’s Manual for details.

\(^3\) MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle.

\(^4\) MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 8 km/h. Always check surroundings and turn to look behind you before moving vehicle.

\(^5\) TPMS is not a substitute for regular tire pressure checks.

\(^6\) Vehicle must be on for the Easy-Fill Tire Alert to operate.

\(^7\) VDC, which should remain on when driving, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques.

\(^8\) Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver’s responsibility to be in control of the vehicle at all times. Airbags are only a supplemental restraint system. Always wear your seat belt. Trees will reduce the effectiveness of airbags. See Owner’s Manual for more details. Airbags deflate after deployment for illustration purposes only. Actual coverage area may differ. Airbags deflate after deployment.

\(^9\) Airbags are only a supplemental restraint system. Always wear your seat belt. Trees will reduce the effectiveness of airbags. See Owner’s Manual for more details. Airbags deflate after deployment for illustration purposes only. Actual coverage area may differ. Airbags deflate after deployment.

INNOVATION THAT LOOKS OUT FOR YOU
Never program while driving. GPS mapping may not be detailed in all areas or reflect current the absence of which can limit or prevent the ability to reach NissanConnect SM Customer Care or receive support.

NissanConnect SM Services and Mobile Apps availability is dependent upon the telematics device being in operative condition, its ability to connect to a wireless network, compatible wireless network availability, navigation map data, and GPS satellite signal receptions.

SL 
Includes SV equipment plus:
- Heated outside mirrors with LED turn signal indicators and reverse lift-off feature
- Tow hitch receiver with 7-pin wiring harness
- Around View Monitor with Moving Object Detection (MOD)
- Motion Activated Liftgate
- Remote Engine Start System (RESS)
- Auto-dimming rearview mirror
- HomeLink® universal garage-door opener
- Rearview mirror integrated with digital compass
- Welcome lighting

PLATINUM 
Includes SL equipment plus:
- Heated and front and 2nd-row outboard seats
- Driver’s seat and outside mirrors position memory
- Driver’s seat power lumbar support
- 6-way power adjustable passenger’s seat
- Leather-appointed seats (1st and 2nd row) and door trim
- Metallic interior trim
- 120-volt AC power outlet
- Stainless steel front kickplates
- Blind Spot Warning (BSW)®
- Rear Cross Traffic Alert (BTA)®

Images may show additional available equipment. Driving to various locations and require your full attention. If you choose to use this feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod® is a registered trademark of Apple, Inc. **CHOOSE YOUR TRIM LEVEL**

**SV**
Includes 5 SV Equipment plus:
- Automatic on/off headlights
- Fog lights
- Roof rails
- Rear Sonar System
- Nissan Intelligent Key®
- 8-way power adjustable driver’s seat
- Heated cloth front seats
- Heated steering wheel
- Power windows with front windows one-touch auto-up/down
- Variable intermittent speed-sensitive flat-blade windshields wipers
- Dual illuminated visor vanity mirrors
- Individual tire pressure display

**SV®**
Includes SV Equipment plus:
- 284 HP 3.5-litre V6 engine
- Xtronic CVT® (Continuously Variable Transmission)
- Available All-Mode® 4x4-i Intuitive 4WD system
- HI start assist
- HI descent control (VIA only)
- 18” Aluminum-alloy wheels
- LED Daytime Running Lights (DRL)
- Dual power heated outside mirrors with LED turn signal indicators
- 7 passenger seating capacity
- EZ Flex® Seating System
- Tri-Mode Automatic Temperature Control System
- Advanced Drive-Assist® Display®
- NissanConnectSM with Mobile Apps®
- 203 mm (8.0”) colour display with multi-touch control
- RearView Monitor®
- Bluetooth Hands Free Phone System®
- Remote keyless entry
- Push-Button Ignition
- Power windows
- AUTO/AC with in-car air quality system
- XM® satellite radio
- NissanConnectSM® Audio
- NissanConnectSM® Navigation System®
- NissanConnectSM® Services, including automatic text message emergency notification (if vehicle is equipped with active service plan)
- SiriusXM® Traffic and Travel Link® Included, see siriusxm.ca/terms. for details. 3
- 8-passenger seating capacity when 3rd-row seats are used
- Variable intermittent speed-sensitive flat-blade windshields wipers
- Dual illuminated visor vanity mirrors
- Individual tire pressure display

**KEY AVAILABLE PACKAGE**
- SL Premium Tech Package

**PLATINUM**
Includes SL equipment plus:
- 20” Aluminum-alloy wheels
- LED low-beam projector headlights
- Dual Panel Panoramic Moonroof
- NissanConnect with Navigation, Mobile Apps, and Services®
- SiriusXM® Traffic
- Intelligent Cruise Control (ICC)
- Bose® Premium Audio System with 12 speakers, including Acoustic Waveguide technology
- Tri-Zone Entertainment System with dual head restraint-mounted 203 mm (8.0”) monitors, remote control and two wireless headphones
- Rear HDMI input and USB port for video playback
- DVD video playback capability
- Wood-tone interior trim
- Climate-controlled front seats (heated and cooled)
- Power tilt/telescoping steering column
- Steering-wheel position memory
- Forward Emergency Braking (FEB)

Genuine Nissan Accessories
Every Genuine Nissan Accessory is custom-fit, custom-designed and durability-tested; available for finance and backed by Nissan’s 3 year/60,000 km Accessories limited warranty when installed by dealer at time of your vehicle purchase.²

A. Hood Protector
Give your hood a fighting chance against bugs and road grime.

B. Under-floor Storage Dividers
Organized and out of sight.

C. Stainless Steel Rear Bumper Protector
Protect your bumper from dings and scratches in style.

D. Roof Rail Crossbars³
Great for bringing along your skis or bike.

Additional Accessories:
- Side Window Deflectors
- Fog Lights
- Illuminated Kick Plates
- Interior Accent Lighting
- All-season Floor Mats
- Cargo Net²
- Cargo Area Protector²
- Towing Package²
- And More

See your Nissan dealer for details, or go to accessories.nissan.ca

Buying and Owning
Finance Options Through Nissan Canada Finance, we offer many attractive lease and loan options that can be tailored to your individual needs. We have unique programs such as the Nissan Grad Program, Loyalty Program or the Nissan Advantage Program. Please visit our website Nissan.ca/Finance to explore all of the options available. We have also made it easy to prequalify online. All of our programs come with competitive rates and terms. With our flexible options, driving home a new Nissan has never been easier. Consult your local Nissan Dealership for complete details.

No-Nonsense Warranty Every 2017 Nissan is covered by a 3 year/60,000 km Comprehensive New Vehicle Warranty, a 5 year/100,000 km Emission Control Warranty on selected components, and a 5 year/unlimited km Corrosion Perforation Warranty. As a Nissan owner, you’ll also receive a 3 year Roadside Assistance program available to you 24 hours a day. Terms, conditions and exclusions apply. See your Warranty Information Booklet for complete details.

Added Security Plan (ASP) For ultimate peace of mind, consider the Nissan Added Security Plan. It’s our commitment to be there for you, and to help you leave your worries behind. Different plans, available for both purchased and leased vehicles, let you tailor the coverage to your driving habits. SecurityPlus® Prepaid Maintenance Plan The smart choice when it comes to maintaining your new Nissan. Honoured at all participating Nissan Dealers in Canada and the U.S., your vehicle is cared for by factory-trained technicians using Genuine Nissan Parts. And best of all, there’s no worrying about price increases on parts or service in the future. A variety of plans are available. Ask your Dealer for details.
Nissan's environmental action plan focuses on several key areas. In addition to increasing production of Zero-Emission Vehicles (ZEVs) and 100% renewable energy, the company has made a commitment to reducing the environmental impact of manufacturing through energy-efficient practices in their plants.
